NOW, YOU CAN COMMAND RESPECT. 19,200 LBS. OF IT.

19,200 lbs. of class-leading* towing is only good if you can control it, right? That's why this year, we're introducing the new TowCommand System – complete with standard features that make towing so effortless, nothing can hold you back. Mounted in the dashboard, an exclusive, integrated Trailer Brake Controller reads driver braking activity from the anti-lock braking system and provides proportional trailer braking to match. The controller is factory-installed with factory limited warranty** which makes for a smooth controlled ride. So you can hitch a monster load to a properly equipped Super Duty, and simply – drive away. Then, there's Tow/Haul Mode, which comes with the TorqShift™ 5-speed automatic transmission. Press a button to get your transmission ready for heavy towing and hauling requirements. Shifting adjusts appropriately, whether you're going uphill or down, your ride just got a lot easier. Larger four-wheel vented disc brakes provide best-in-class* braking performance. Standard ABS and telescoping trailer tow mirrors also add to your confidence. With Super Duty, you get colossal pulling power – all at your command.

Ford Harley-Davidson™ F-250 Super Duty

TWO LEGENDARY ICONS UNITE. LIGHT IT UP.

One turn behind the wheel and you'll know. Harley-Davidson™ plus Super Duty equals colossal power. Not to mention attitude. Lock eyes with this F-Series Super Duty 4x4, and it's hard to look away. Designers from Dearborn and Milwaukee deliver a bold American truck tattooed with flames optional and both Ford and Harley Davidson brands. Its fierce billet grille intensifies the menacing front end – and demands attention. But don't linger outside too long. Few pleasures in life are as thrilling as kicking back in this truck's unique, two-tone leather-trimmed interior. We're talking standard quad captain's chairs, chrome seat controls and stainless steel finishes. Take a hold of the wheel. Watch the "Harley-Davidson" inspired instruments go to work. Get those record-breaking 20" forged aluminum wheels turning. As this truck flashes down the road, all eyes will be on you. Riding with two legendary icons, what else would you expect?
