Fold seats & add cargo

Wherever you're headed, there's one ideal way to get there. All together – in Flex.

Best-in-class head and leg room in both the 2nd and 3rd rows helps make Flex a great fit for growing teens and tall passengers of any age.

Environmentally friendly soy-based foam used in the seat cushions and backs helps conserve limited resources and reduce CO₂ emissions.

The 10-way power driver's seat¹ and power-adjustable pedals¹ can both include memory,¹ so Flex will recall your settings in an instant.

Your 2nd-row seating options include a bench that seats 3 people, or buckets¹ for 2 with a pass-through to the 3rd row. Add the 2nd-row console¹ for more storage. Or the class-exclusive refrigerated console¹ for that extra cool factor.

Adapts. At the push of a button.

Flex offers lots of versatility and powerful features that can help ease your cargo-carrying experiences.

Take advantage of over 83 cu. ft. of cargo space when the 2nd- and 3rd-row seats are folded flat.

The class-exclusive PowerFold^{®1} 3rd-row seat and either side of the 60/40 split 2nd-row bench seat can be folded to fit long cargo items and passengers.

Behind the 50/50 split 3rd-row seat, Flex offers up to 20 cu. ft.² of cargo space thanks to the extra room provided by its deep storage well.

The power liftgate¹ can be activated any of 4 ways. Just press a button on the liftgate handle, on the instrument panel, on the remote control, or inside the rear cargo area. Flex is all about form and function.

¹Available feature. ²Includes 5.0-cu.-ft. rear cargo area storage well.

Responds. To your commands.

Voice-activated Ford SYNC® with 911 Assist® delivers hands-free calls, Bluetooth®-streaming music and more with simple voice commands. Once paired, it can download contacts and play music from your smartphone. It can also access your MP3 player, USB or iPod.® Just touch a button on the steering wheel and say things like “Call: Travis at home” or “Play playlist: Favorites.” SYNC AppLink™² lets you control Pandora,® iHeartAuto,™ the SiriusXM® App and other select apps by voice, too. SYNC. Say the word.

Add an 8" color LCD touch screen and more when you opt for SYNC with MyFord Touch®^{1,3} This voice-activated system centralizes control of your phone, entertainment, navigation³ and climate. With HD Radio™ Technology,³ just touch the TAG shopping cart icon while a new favorite is playing and purchase it later with iTunes® tagging.

SiriusXM Satellite Radio³ lets you enjoy commercial-free music, plus sports, news, entertainment, and every premium channel with your 6-month All Access trial subscription.⁴ The voice-activated Navigation System³ also includes a 5-year subscription to SiriusXM Traffic and Travel Link® services.³ These features provide detailed traffic information on accidents, construction and road closures, plus local and national weather forecasts, fuel prices and more.

Limited. Dune leather trim. SYNC with MyFord Touch. Available equipment.

¹Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ²SYNC AppLink is available on select models and compatible with select smartphone platforms. SYNC AppLink is not compatible with MyFord Touch. Commands may vary by phone and AppLink software. ³Available feature. ⁴Trial subscription also includes access to SiriusXM Internet Radio on your computer, smartphone or tablet. Satellite and Internet Radio lineups vary slightly.

Surprises. Bright, hot and cool.

A sky view in all 3 rows – courtesy of the multipanel Vista Roof^{®1} – and class-exclusive 2nd-row outboard inflatable safety belts¹ are just a couple of the ways Flex is designed to take care of its passengers.

A new heated steering wheel¹ treats the driver to comforting warmth on command – no need for bulky gloves when the outside temp drops.

Heated bucket seats¹ allow 2nd-row passengers to recline comfortably while charging their devices with the 110-volt power outlet¹ conveniently located on the back side of the center console.

Chilled beverages or frozen treats can be stowed in the class-exclusive 2nd-row refrigerated console¹ for easy access while you travel. Surprises? Flex has more than a few.

¹Available feature.

Assists. Parking and more.

See how it all works

Flex driver-assist technologies¹ use ultrasonic sensors and sophisticated radar to help you park, avoid collisions and more.

Make parallel parking easier with class-exclusive active park assist!¹ It not only helps you find a spot, it actually steers

the vehicle into place as you control the gear shifter, and brake and accelerator pedals.

Get a heads-up from adaptive cruise control and collision warning with brake support!¹ It helps maintain your choice of 4 preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it flashes a warning on the windshield, sounds an alarm, and preps the braking system to help.

Stay alert to traffic detected in blind spots thanks to BLIS[®] (Blind Spot Information System) with cross-traffic alert!¹ It helps warn you using lights embedded in the sideview mirrors.²

Limited. Ruby Red Tinted Clearcoat Metallic. Tuxedo Black roof. Appearance Package. Available equipment.

¹Available feature. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²BLIS replaces standard integrated blind spot mirrors.

Eases. Your mind.

With standards like AdvanceTrac® with RSC® (Roll Stability Control™), which helps you avoid skidding or fishtailing.¹

A standard Safety Canopy® System increases protection with side-curtain airbags that deploy to cover all 3 rows. Every Flex also comes with front-seat side airbags and the dual-stage front airbags included in our Personal Safety System.™

Intelligent all-wheel drive (AWD)² balances torque between the front and rear wheels to enhance handling and maximize traction.
