TRANSMISSION

The standard four-speed automatic transmission provides an easy feel and the convenience of never having to shift. If you're looking for the ease of an automatic and the feel of a manual, get the best of both worlds with the AutoStick® driver-interactive transaxle shifter available on Limited. With AutoStick you can select the positive control of a manual transaxle or the smoothness of an automatic whenever you want.

SECURITY

The Sentry Key® Engine immobilizer means your car won't start without a valid key, and the remote keyless entry with panic alarm lets you get into your Sebring Coupe quickly and safely.

Both features are standard on all models.

AIR BAGS

Next-generation air bags\* for driver and front-passenger are standard on Sebring Coupe models. The air bags deploy during severe frontal or near-frontal impact.

Available supplemental side air bags\* offer additional protection to the driver and front passenger in the event of a collision.

\*Always use seat belts. Remember, a back seat is the safest place for children 12 and under.

ENGINES

The 3.0-liter single overhead camshaft (SOHC) 24-valve V6 engine on Sebring Coupe Limited pumps out 198 peak horsepower at 5,500 rpm. Sebring Coupe, with its standard 2.4-liter 16-valve four-cylinder SOHC engine, produces 142 horsepower @ 5,500 rpr

3.0L SOHC V6

AVAILABLE EXTERIOR COLORS

AVAILABLE SEAT COLORS

- Royale leather-trim is available on Limited with the Leather Interior Group in 1) Dark Taupe/Medium Taupe or 2) Black
- Spade cloth is standard on the Sebring and Limited, available in 3) Dark Taupe/Medium Taupe or 4) Black

WHEEL OPTIONS

Chrysler Sebring Coupe offers a variety of wheel choices to roll with you.

1. 17-inch Roulette painted wheel, standard on Limited
2. 17-inch Roulette chrome aluminum wheel, optional on Limited
3. 16-inch Kinetic painted wheel cover, standard on Sebring
4. 16-inch Vector machine-faced and painted wheel, available on Sebring

For more information, please visit [www.chrysler.com/sebring\\_coupe](http://www.chrysler.com/sebring_coupe)

### INTERIOR STYLING

Sebring Coupe's interior invites you in with comfort you'll appreciate as soon as you sit down. Its roominess lets you relax while the many standard power features let you take control. A sophisticated instrument panel and gauges keep you in command of every situation on the road. And there are enough options and colors to allow you to reflect your individuality. Climb in. It's yours.

### ROOMINESS

The Sebring Coupe is remarkably spacious for a two-door automobile, particularly in the rear seat, where you'll find over 34 inches of leg room.

Sebring Coupe's spacious trunk with available cargo net (standard on Limited) allows you to carry packages securely and keep the seats for your passengers. But if you can't fit all your stuff in the trunk, the 60/40 split-folding rear bench seat helps you bring your stuff and a couple friends along.

Properly secure all cargo.

### REARVIEW MIRROR

The available automatic-dimming rearview mirror reduces glare from following headlights and provides integrated reading lamps, an integrated digital compass/temperature display, and HomeLink® universal transceiver push buttons that can be programmed to operate your garage door, outdoor lights, or another device.

- Available with Limited's Leather Interior Group or Sebring's Touring Group.

### SOUND SYSTEM

Sebring Coupe offers your choice of four available sound systems. You can decide which one will play the soundtrack of your life.

- AM/FM radio with four-disc-in-radio CD player with six speakers, standard on Sebring
- AM/FM radio with four-disc-in-radio CD player with seven Infinity® speakers and steering-wheel mounted audio controls, standard on Limited
- AM/FM radio with cassette and CD player, available on Sebring
- AM/FM radio with cassette and CD player and steering wheel-mounted audio controls, available on Limited
