SEBRING SEDAN FEATURES

FIVE STAR SAFETY ★★★★★

At Chrysler, safety is a priority designed into all of our vehicles. So it is particularly satisfying to see Sebring Sedan achieve a five star rating—the highest government frontal crash test rating for driver and front passenger.

Sebring Sedan brings together style and safety so you can look great on the road, and feel safe while you're there. Whether it's the full range of active safety features, passive safety systems, or the highest National Highway Transportation Safety Administration (NHTSA) frontal crash test rating, Sebring Sedan is designed to make you and the people around you feel safe.

TRACTION CONTROL

Low-speed traction control uses the antilock brake sensors to detect wheel slip, and applies brake pressure to help regain traction and improve acceleration on slippery surfaces. Traction control is included with antilock brakes.

BRAKES

Front disc/rear drum brakes are standard on all Sebring Sedan models. The available four wheel disc brakes with ABS sense differences in wheel speed while braking in a turn, and balance the brake forces at each wheel to help keep the vehicle stable.

ENGINES

Sebring Sedan is powered by your choice of engines for performance you may not expect from a sedan.

- Touring, Limited, and TSi 2.7-liter engine pumps out 200 horsepower
- Sebring's 150-horsepower, 2.4-liter four-cylinder engine produces responsive acceleration and quiet operation.

AIR BAGS

Sebring Sedan's five-star National Highway Transportation Safety Administration (NHTSA) frontal crash safety rating brings you peace of mind behind the wheel. Next-generation multistage air bags* for driver and front passenger inflate with a force appropriate to the severity of the impact.

Available supplemental side-curtain air bags* offer additional side-impact protection for both front and rear outboard occupants in the event of a collision (available on all models).

*Always use seat belts. Remember a back seat is the safest place for children 12 and under.

For more information, please visit www.chrysler.com/sebring_sedan

SEBRING SEDAN CONVENIENCES

INTERIOR STYLING

Choose between Russell cloth with Solar accents and Royale leather trim with Preferred Suede? accents. And for an even more elegant appearance, genuine California walnut instrument panel accents with a satin finish are available on Limited. You'll love the good looks of your Sebring Sedan interior. Limited features standard leather-trimmed seating as well as:

- * Leather-wrapped steering wheel (also included with TSi)
- * Leather-wrapped shift knob (also included with TSi)
- * Steering wheel-mounted audio controls (also included with TSi)
- * Electroluminescent instrument panel gauges (also included with TSi)
- * Wood-grain instrument panel accents (also included with TSi)
- * Unique Satin Silver instrument panel accents are standard on Touring and TSi
- * Color-keyed instrument panel accents are standard on Sebring

CARGO

194 cubic feet of interior space and seating for five let you share your Sebring Sedan (Limited shown) with friends and family. And 16.0 cubic feet of cargo space means you can carry passengers and packages at the same time. 16.0 cubic feet of cargo space in a large trunk is plenty of cargo space. But, for those long or bulky items, Sebring Sedan's standard 60/40 split-folding seatback extends capacity to the back seat.

Properly secure all cargo.

SIRIUS is a registered trademark of SIRIUS Satellite Radio, INC

SOUND SYSTEMS

In the Sebring Sedan you can play your favorite music on a world-class sound system:

1. AM/FM stereo radio with cassette, in-dash six-CD changer, and four speakers is available on Limited and TSi
2. AM/FM stereo radio with a cassette and CD player, CD changer controls, and four speakers is optional on Sebring and Touring
3. AM/FM stereo radio with CD player, CD changer controls, and four speakers is standard on all models
4. AM/FM stereo with CD player, global positioning system (GPS) navigation radio and in-dash six-CD changer is available on Limited and TSi. The full-color display offers turn-by-turn route guidance using satellite technology. SIRIUS? Satellite Radio is available on all models.

The Premium Gold sound system, which includes a 120-watt amplifier with six speakers is included in the Luxury Group, available on Limited. Steering wheel-mounted audio controls are also standard on Limited and TSi.

CONVENIENCES

You'll get comfortable with the available eight-way power driver's seat and the available power moonroof, which creates an open-air feeling. The center armrest with covered storage will let you bring along all the things that will make your drive a little easier, while two cupholders in the front and two in the rear free your hands for driving and help prevent spills.

An available Travel Convenience Group with an auto-dimming rearview mirror, illuminated visors, map lamp, and trip computer is offered on TSi.

Limited's available Luxury Group includes:

- * Automatic temperature control
- * Automatic headlamps
