

CHRYSLER

SEBRING
CONVERTIBLE

2010

From any angle, Sebring Convertible's stance radiates a poise that invites glances as effortlessly as it invites the sun itself. Technology and performance make sophistication a sport. The availability of two distinctively different, fully automatic retractable tops confirm Sebring's design ingenuity. When it comes to Sebring Convertible, both the sun and the style come standard.

ARRIVE IN STYLE

From its aerodynamic headlamps to the low-profile windshield wipers, exterior mirrors, acoustic engine covers, extensive sealing, and wind-sculpted sheet metal, everything on Sebring Convertible was engineered specifically to enhance the convertible experience. Choose from the standard cloth soft top or the available retractable hardtop. The retractable top system was designed to open and close the tonneau cover and unlock, retract, and stow the entire top system with one button. When either top is down, the trunk still has more than enough room to easily fit two full-size golf bags. An available windscreen was developed in the 100-mph-capable Chrysler Aero-Acoustic Wind Tunnel to deliver a genuinely quiet ride.

EXPERIENCE PERFORMANCE

Take the road on with any of Sebring's three sporty and efficient engines. Each one is designed to work with a finely engineered system to deliver a smooth ride.

The standard 2.4-liter DOHC I-4 with Variable Valve Timing (VVT) has a four-speed automatic transmission. The available 3.5-liter V6 is paired to a 6-speed AutoStick® transmission, letting you choose between automatic or clutchless manual for a sportier feel.

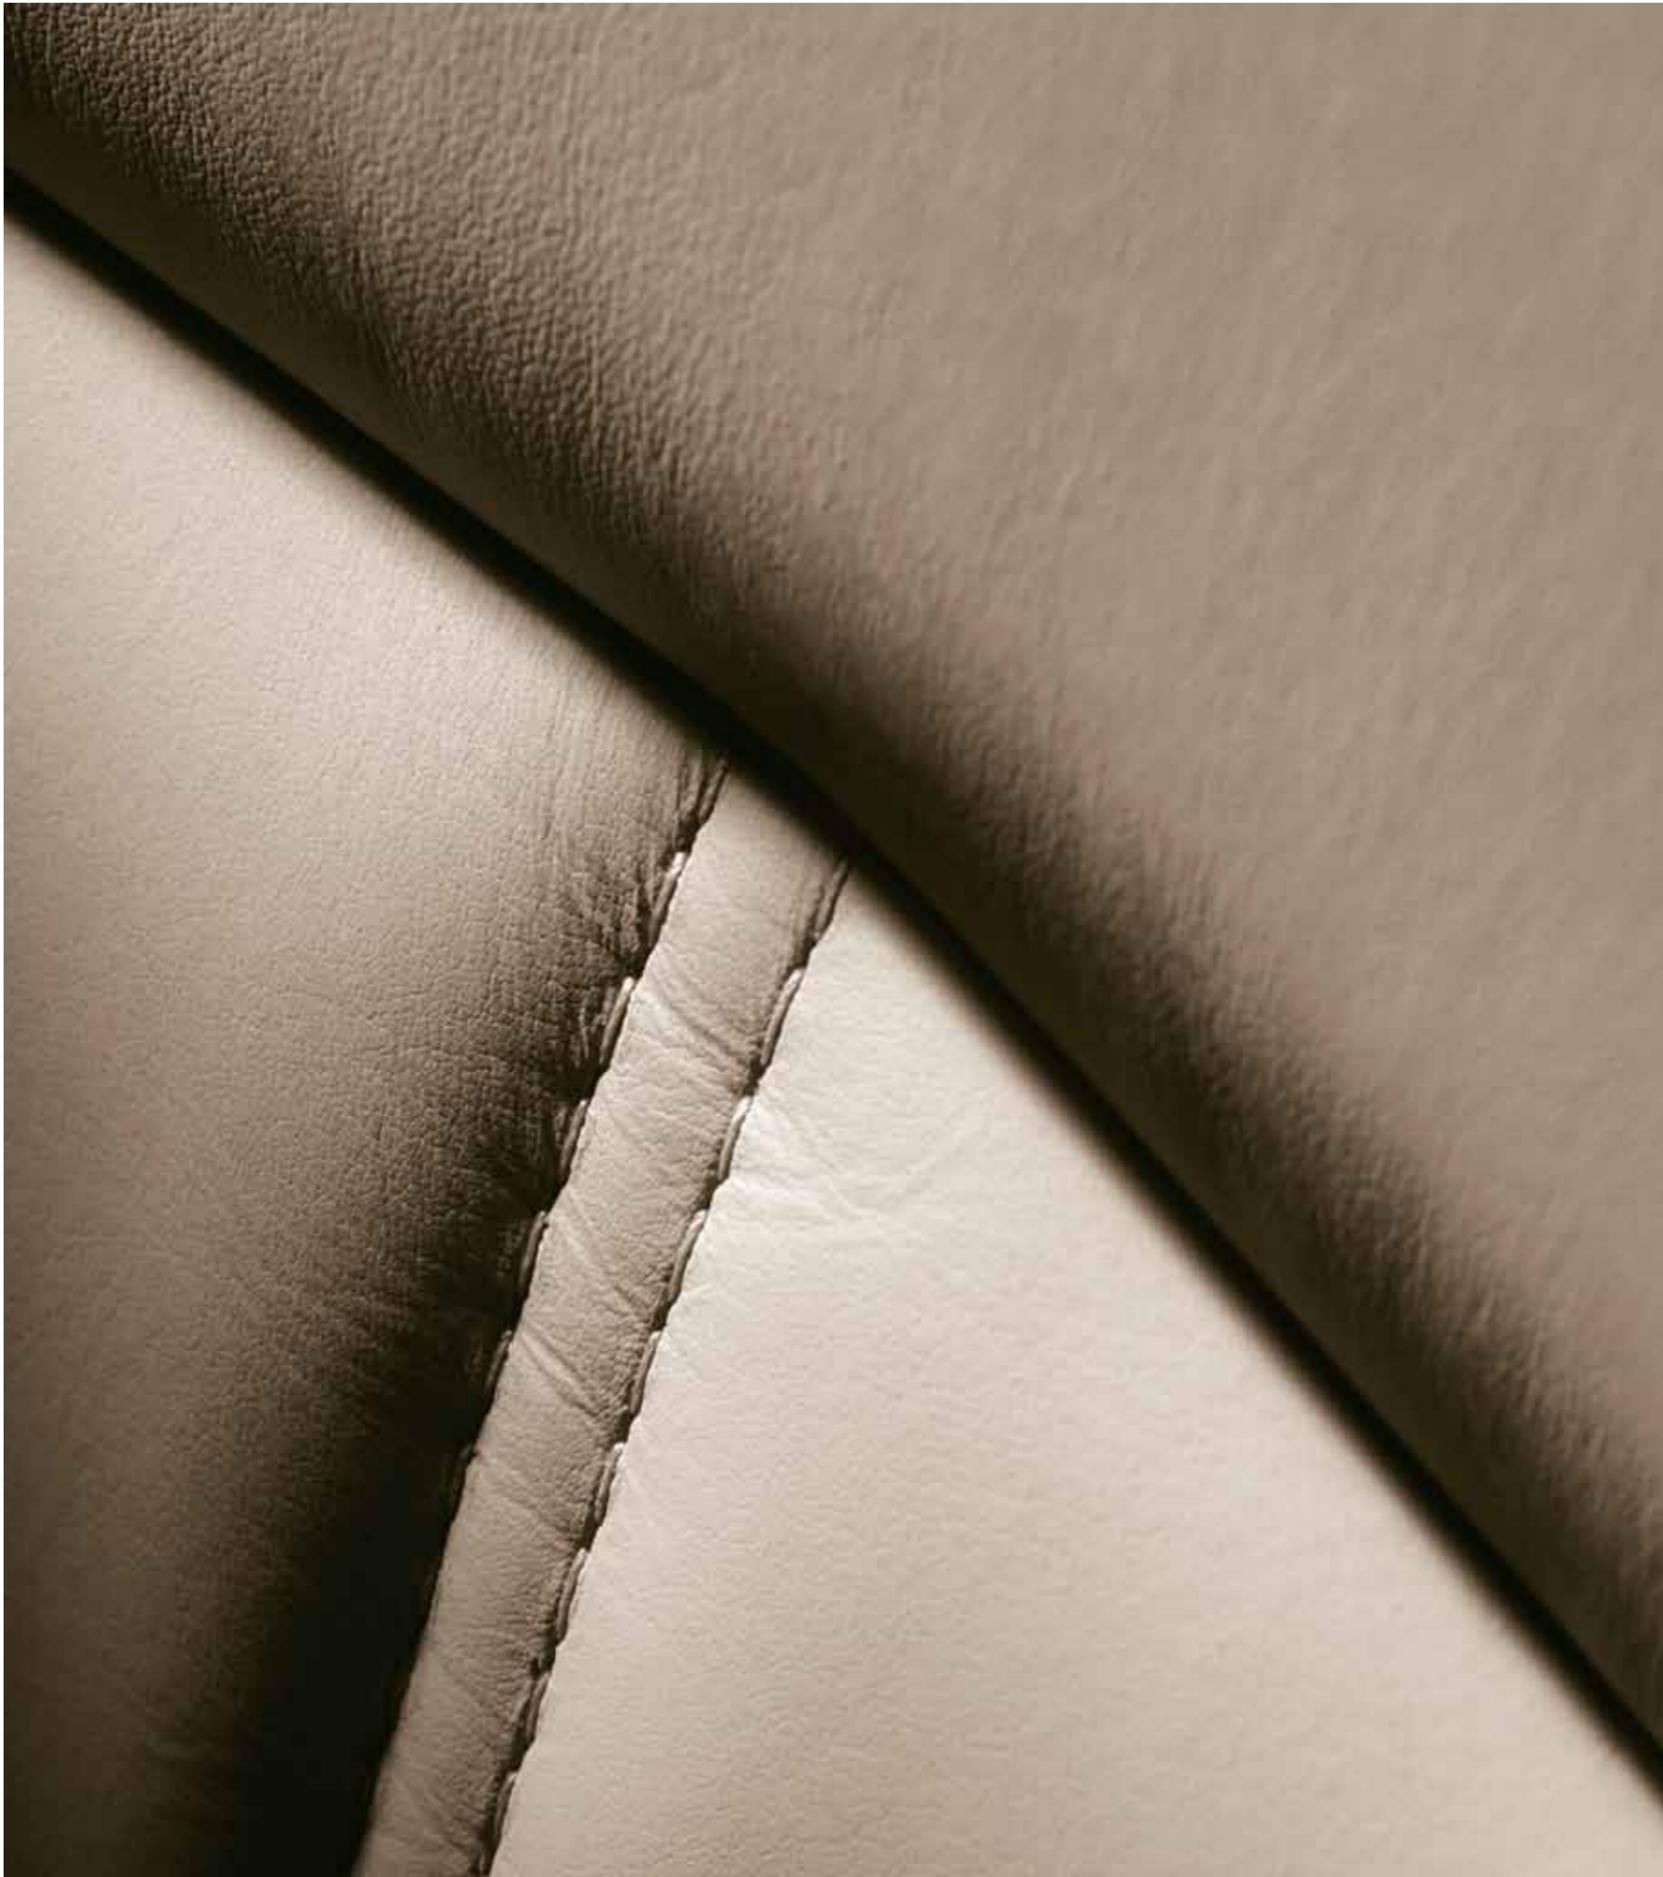

UCONNECT™

This is not merely a radio, this is Media Center 730N AM/FM/CD/DVD⁽¹⁾ radio with 30GB hard drive, GPS navigation, 6.5-inch touch screen, MP3/WMA support, USB input, 4,250 song capacity, SIRIUS® Satellite Radio, SIRIUS Traffic,[™] and Voice Command. Uconnect Web⁽²⁾ lets you connect any Wi-Fi-enabled device to the Internet at 3G broadband speeds, allowing multiple passengers to surf the Web. Uconnect Web is an Authentic Chrysler Accessory by Mopar. Subscription required, sold separately. iPod® Control connects most iPod compatible devices to your car's stereo using the in-car cable, then control them with your radio or steering wheel controls. Voice Command lets you select radio stations, satellite radio channels,⁽³⁾ and navigation⁽³⁾ destinations using voice commands. Works with all Uconnect Media Center radios. Included with Uconnect Phone. Uconnect Phone lets you talk on your Bluetooth® compatible phone virtually hands-free. Address Sync⁽⁴⁾ lets you call anyone in your address book by saying their name.

⁽¹⁾In-dash DVD capability not available in all states. See your dealer for details. ⁽²⁾The Uconnect Web feature is not intended for use by the driver while the vehicle is in motion. ⁽³⁾When satellite radio and navigation features are equipped on your vehicle. Any voice-commanded system should be used only in safe driving conditions and all attention should be kept on the roadway ahead. Failure to do so may result in an accident causing serious injury or death. ⁽⁴⁾Phone must support Bluetooth Phone Book Access Profile (PBAP).

EMBRACE LUXURY

Two-door access to comfortable seating for four is practical and convenient. Rear-seat passengers will enjoy a surprisingly large area with more than 33 inches of leg room. Standard driver and front-passenger six-way power seats allow for a highly personalized level of comfort. Available heated, leather-trimmed seating surfaces keep cool weather at bay. Premium cloth seats feature stain-resistant, odor-resistant, antistatic seat fabric⁽¹⁾ that helps repel and release stains without solvents.

⁽¹⁾Not compatible with aftermarket fabric-protecting coatings.

★★★★★
FIVE-STAR | HIGHEST GOVERNMENT
SIDE-IMPACT CRASH RATING

Sebring Convertible has earned a Five-Star⁽¹⁾ crash test rating for side impact. This rating represents the highest possible vehicle safety honor from the National Highway Traffic Safety Administration (NHTSA).

SURROUNDED BY SAFETY & SECURITY

Sebring Convertible's mission to protect starts with a Five-Star side-impact⁽¹⁾ crash test rating. Standard advanced multistage driver and front-passenger air bags⁽²⁾ and thorax supplemental side air bags provide nearly instantaneous protection. The available Electronic Stability Control⁽³⁾ (ESC) works with Brake Assist and all-speed traction control to help drivers maintain control of the vehicle at all times. Brake Assist helps the driver achieve maximum controlled braking in less than ideal situations. Active head restraints⁽⁴⁾ separate during a collision and cushion the head on the back stroke to help prevent whiplash.

⁽¹⁾Star ratings are part of the U.S. Department of Transportation's SaferCar.gov program (www.safercar.gov). ⁽²⁾The Advanced Front Air Bags in this vehicle are certified to meet the new U.S. federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger-front air bag. All occupants should always wear their lap and shoulder belts properly. ⁽³⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully consistent with conditions. Always wear your seat belt. ⁽⁴⁾Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint.

TRIM LEVELS

Limited. Designed to invigorate in every way, Limited sophistication comes from a blend of elegance, contemporary design, and sleek lines outside and in. It goes far beyond ordinary convertibles by offering a truly premium interior with standard leather-trimmed seating for four adults, heated front seats, a six-speaker Boston Acoustics® sound system, and a standard retractable hardtop.

Touring. Well-equipped is an understatement for Touring, with standard stain-resistant, odor-resistant, antistatic seat fabric,⁽¹⁾ 17-inch aluminum wheels, and standard cloth soft top.

LX. Offering so much more than mere practicality, LX arrives complete with an extensive list of standard equipment and features, including 4-speed automatic transmission, Remote Keyless/Illuminated Entry, power windows and locks, air conditioning, electronic speed control, AM/FM six-disc CD/DVD radio with MP3 auxiliary input jack, and standard cloth soft top.

⁽¹⁾Not compatible with aftermarket fabric-protecting coatings.
