## TOWN & COUNTRY TOURING

VERSATILITY RAISED HERE, STAYS HERE AND GOES EVERYWHERE.

THE MOST INNOVATIVE SEATING AND STORAGE IN ITS CLASS!\*

 Luxury need not come at the expense of practicality with standard leather-trimmed seats and the Stow 'n Go® seating and storage system from the Touring model on up. Driver and passengers cohabit comfortably with standard intuitive features like a Three-Zone Automatic Temperature Control (ATC), which considers temperature preference of all three rows' cabin mates and the standard DVD player means occupied second-row occupants are a driver's best friend. The fold-and-stow second- and third-row seats fold individually into floor bins, allowing you to go from seven seats to two, or any combination in between. With all seats stowed, the Town & Country yields a flat cargo floor and 144.2 cubic feet of storage for easy loading without ever having to remove a seat. When the seats are in their upright position, in-floor bins store a multitude of items, from laptops, purses and toys to backpacks and sporting equipment.

All Town & Country models also include the class-exclusive! Stow N Place® Roof-Rack System, which can carry up to 150 pounds of cargo. The convenience of folding crossbars that attach to the side rails when not in use improves aerodynamics.

## TOWN & COUNTRY S

DOWNTOWN STYLE FOR UPTOWN LOOKS.

The Town & Country S brings a cool, modern design to the Touring model and is tailored for an active, style-minded lifestyle. The exterior and interior enhancements, as well as top-line standard equipment, make this edition a welcome member to the Chrysler family of S trims. The exterior features a Black chrome grille, Black-background front and rear Chrysler wing badges, a Black rear fascia step pad, "S" model badging, Blacked-out headlight bezels, and 17-inch aluminum wheels with polished face and Black-painted pockets. Premium, lower-rolling-resistance tires, low-drag brake calipers and rear bearings enhance fuel efficiency. The performance suspension on S adds a new level of handling dynamics to the driving experience, yet still provides a comfortable ride that's expected in a luxury minivan.

Inside, a monochromatic Black interior, unique to the Town & Country S, starts with Black Torino leather-trimmed seats with Silver stitching and embroidered "S" logo, and Black Ballistic cloth seat inserts. Piano Black Gloss appliques are found on the instrument panel and the spokes of the Black leather-wrapped steering wheel, and the Chrysler wing badge on the steering wheel matches the Black background of the exterior badging. Finishing interior touches include a Black headliner and upper consoles, Black center console and an "S" logo in the instrument cluster. A premium Super Console provides power outlets, cup holders, covered storage, and more to both front- and second-row passengers. A class-exclusive! Blu-ray™ DVD system with HDMI input and two USB ports for recharging is standard on S. This system allows backseat passengers to view standard DVDs and Blu-ray videos or to play a high-definition video game system on the screens. Wireless headphones allow backseat passenger to enjoy this state-of-the-art system without forcing front-seat passengers to hear the accompanying audio.

**THE BEST MADE EVEN BETTER WITH BLU-RAY.™**

Let this premium level of entertainment features keep your passengers occupied with the available dual DVD system with class-exclusive⁶ Blu-ray Disc® player. With a standard single-DVD system, two available nine-inch new VGA high-resolution screens that flip down from the overhead console, two USB ports, HDMI connectivity and game-console inputs, the kids don't have to settle on just one thing to watch.

The video system can be operated from either the rear-seat entertainment unit, the wireless remote or the radio head unit. The self-contained entertainment system is located in the overhead rail which also contains storage for the wireless headphones and remote. LED Blue Sapphire halo lighting glows from the overhead rail, providing a relaxing environment for viewing. SiriusXM Satellite Radio¹ is also standard on all models. The game shown – Disney/Pixar Brave: The Video Game – is available now for Xbox® 360. © 2013 Disney/Pixar

**OFFERS THE MOST INNOVATIVE SEATING AND STORAGE IN ITS CLASS.⁶**

Luxury need not come at the expense of practicality. The fold-and-stow second- and third-row seats fold individually into floor bins, allowing you to go from seven seats to two or any combination in between. With all seats stowed, the Town & Country yields a flat cargo floor and 144.2 cu ft of storage for easy loading without ever having to remove a seat. When the seats are in their upright position, in-floor bins store a multitude of items, from laptops and purses to toys, backpacks, sporting equipment, sleeping bags and shopping bags. The available premium Super Console provides power outlets, cup holders, covered storage and more to both first- and second-row passengers. The 2014 Town & Country also includes the class-exclusive⁶ Stow N Place® roof-rack system which can carry up to 150 lb of cargo. The convenience of folding crossbars that attach to the side rails when not in use improves aerodynamics.

**STRATEGICALLY PLACED HIGH-STRENGTH STEEL.** Town & Country architecture includes dual-phase, high-strength and hot-stamped steel, resulting in a strong safety cage that contributes to overall vehicle-impact performance.

**CRUMPLE ZONES.** In the event of an impact, specifically designed front and rear crush zones absorb energy and redirect it away from passengers, helping to reduce the risk of injury.

**AVAILABLE ACTIVE AND PASSIVE SAFETY AND TECHNOLOGY FEATURES AND OUR CARE FOR FUTURE GENERATIONS MEET YOUR SECURITY STANDARDS.**

**AVAILABLE SAFETYTEC™ PACKAGE** bundles additional technologically advanced offerings among the 58 standard and available safety and security features that help to protect what matters most. Because you and your passengers are all unique, it makes sense that your Town & Country is in a class by itself. We call it SafetyTec. You'll call it peace of mind.

**SUPPLEMENTAL SIDE-CURTAIN AIR BAGS.⁷** These air bags⁷ extend protection to all outboard front- and rear-seat passengers, including third-row outboard passengers. Upon side impact, the system deploys the specific side air bag⁷ and curtain required for occupant protection.

**ADVANCED MULTISTAGE FRONT AIR BAGS.⁷** This feature regulates the amount of force necessary for the front occupants by impact severity, including low-risk deployment.

**FRONT SEAT-MOUNTED SIDE AIR BAGS.⁷** Additional air bags⁷ are integrated into the front seats to offer pelvic and thorax protection. The air bags⁷ deploy consistently with driver and front-passenger seat positions.

**PARKSENSE® REAR PARK ASSIST.⁹** This available feature uses radar technology to detect most obstacles behind the vehicle and gives the driver both visual and audible alerts about those obstacles.

**BLIND SPOT MONITORING (BSM).¹⁰** Difficult-to-view side-vehicle zones are also monitored by the radar technology of this available feature which alerts you to possible proximity danger when driving. While traveling in forward gears, an illuminated icon appears in the driver's sideview mirror and an audible warning sounds (if activated) when another vehicle is approaching alongside. BSM is included as part of the available SafetyTec Package and includes the class-exclusive⁶ Rear Cross-Path Detection.⁹

**REAR CROSS-PATH DETECTION.⁹** Included as part of the available SafetyTec Package, Rear Cross-Path Detection⁹ alerts the driver to most approaching low-speed vehicles when backing out of parking spots.

**SECURITY ALARM.** This system monitors the door-ajar switches as well as the ignition circuit for unauthorized entry. The lights flash and the horn sounds, alerting you if someone else is trying to enter your vehicle.

**POWER LIFTGATE WITH OBSTACLE DETECTION.¹¹** Like the sliding doors, the power liftgate detects most obstacles in its path and will automatically stop and reverse.

**TIRE PRESSURE MONITORING SYSTEM.** Individual tire-pressure amounts are displayed in the instrument cluster and alert the driver to tires with high or low pressure.

**CONSTANT-FORCE RETRACTORS.** Seat belt retractors sense vehicle impact and immediately apply pressure to the seat belt to properly position the occupant before the full load of impact is imparted. It then reduces the seat belt load in order to moderate forces during the impact event.

**DRIVER'S INFLATABLE KNEE-BLOCKER.⁷** This separate air bag⁷ located in the lower instrument panel is designed to help position the driver properly for the front air bag.⁷

**ACTIVE FRONT-ROW HEAD RESTRAINTS.⁸** In the event of a rear-end collision, these restraints automatically move forward and upward to decrease the space between the head restraint and the occupant's head.

**ENHANCED ACCIDENT RESPONSE SYSTEM (EARS).** This system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps and unlocking doors after air bag deployment. It also shuts off the flow of fuel to the engine.

**POWER ADJUSTABLE PEDALS.** Available adjustable brake and accelerator pedals allow you to customize the position, enabling the driver to maintain a comfortable distance from the steering wheel. The memory function on Limited customizes each fob's position setting.

**DOOR ALERT.** This selectable feature automatically flashes signal lights, indicating which sliding door is open.

**REMOTE KEYLESS ENTER 'N GO.™** The personalized key fob enables passive vehicle entry. With the fob in a pocket or purse, doors automatically unlock as you approach the vehicle. This available system allows quick access without fumbling for the key.

**CHILD PROTECTION REAR DOOR LOCKS.** A small lever on the front edge of the sliding door disables the rear doors' inside release handles.

**ONLY PREMIUM MINIVAN WITH STANDARD POWER SLIDING DOORS.⁶** With the push of a button, in cabin or on key fob, the dual sliding doors effortlessly open. These power doors detect most obstacles in their path to automatically halt their motion and reverse.¹¹

**REMOTE KEYLESS ENTRY.** The power sliding doors and power liftgate allow you to slide open rear doors and open the liftgate, all with the touch of just a couple of buttons on the key fob, overhead console or inside the cabin.
