THERE IS A SPECIAL FEEL IN AN OLDSMOBILE

OLDSMOBILE

NINETY EIGHT REGENCY • DELTA 88 ROYALE • TORONADO • CUSTOM CRUISER

IT'S THE FEELING OF PRIDE THAT YOU FEEL INSIDE

There is a special feel in an Oldsmobile!

There is something very special that goes along with the ownership of an Oldsmobile automobile.

It's more than the stylish good looks which win so many glances of approval.

It's more than the luxurious interiors so pleasing to the senses.

More than the meticulous engineering, the masterful riding qualities, the impressive performance.

That special feel goes beyond the tangible and the visible.

Most notably, it is a feeling of *pride*, the pride you feel inside. The feeling of *confidence*. The sense of *well-being*.

You invested wisely and well and you feel very good about it.

That special feel of quality comes in all shapes and sizes.

Luxury cars and family cars, sporty cars and wagons—29 Oldsmobile models for 1984, each designed and built with one primary objective: *quality*. Olds quality through and through.

As a prime example, there's the magnificent Ninety-Eight Regency, the most elegant expression of Oldsmobile quality. This elegant,

top-of-the-line Olds luxury car gives its owners ample room to feel proud.

Toronado owners, on the other hand, like the feeling of distinction this personal luxury car gives them. They know that it, and they, stand apart. And for 1984, an even more unique Caliente version makes its appearance. You can see it and read about it on page 27.

But you might ask, what about *families*? What does Oldsmobile have to offer *them*? Delta 88 Royale, of course, the family car that didn't forget the family. These big, roomy beauties carry six in style and comfort with that special feel found

in every Oldsmobile. Station wagons? There are three versatile Cruiser models in 1984, in three different styles and sizes. This catalog features the full-size Custom Cruiser. Its capacity for handling people and cargo is matched only by its capacity for providing plush accommodations and a limousine-like ride.

In two additional catalogs, you can read about the 1984 Cutlass Supreme and Cutlass

Ciera... as well as the Olds Firenza and Omega.

The special feel in diesel Oldsmobiles.

More people have bought diesel Oldsmobiles than any other American diesel-powered cars—nearly 600,000 thus far.

Why diesel Oldsmobiles? Because a diesel Olds does more than just deliver impressive fuel economy, which you expect of any diesel.

First of all, its Fast-Start Glow Plug System means quick, easy starting even in cold or damp weather. Then, its advanced V-design

Electronic instrument cluster

provides perceptible smoothness of operation. And, finally, its responsive performance which is on tap at all times.

In 1984, Oldsmobile offers two different diesel engines. A 5.7-liter diesel V8 is available on Ninety-Eight Regency, Toronado, Delta 88 Royale, Custom Cruiser and Cutlass Supreme (except in California). A smaller 4.3-liter V6 diesel is available on Cutlass Supreme, Cutlass Ciera, Cutlass Cruiser.

Computers play a big part in that Oldsmobile feel.

It starts with computer-enhanced designs for sleeker, more aerodynamic lines and more precise alignment of parts. Computer-selected springs for a great Olds ride. And Computer Command Control on board your Oldsmobile to monitor the efficient performance of the engine.

Of course, computers are only part of the advanced technology that goes into the design-

ing, building and testing of Oldsmobile cars. Laser beams, for example, gamma rays, optic scanners, and all manner of ingenious robotics.

Leave it to America's oldest car maker to use the newest technological tools available.

The quality shines through right from the base metal.

It's rust resistant primers and sealers and waxes, generously applied over specially-treated steel or Zincrometal. It's tough thermoplastic liners under the front fender and protective plastisol materials over the paint. Olds value is also apparent in the fit and finish of the doors, windows, hood and trunk lids. The precise stitching of fabrics. The snugness of the headlining. The tautness of the carpeting. An Oldsmobile is one tight car.

Take the wheel... get the special feel.

After you've had a chance to read through this '84 Olds catalog, why not take a test drive in an '84 Olds car?

That's when you'll discover what makes an Oldsmobile an Oldsmobile. The ride. The handling. The comfort. The luxury. The quality. You'll find them in any Olds you select.

So after you've looked at all the pictures and

read all the words, why not visit your nearest Olds dealer for a test drive. He'll be happy to let you discover that...

There is a special feel
in an

Oldsmobile

Important: A word about this catalog. We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find here may have been updated. Also, some of the equipment shown or described throughout this Olds catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up-to-date. The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Olds dealer for complete information.

A word about engines: Some Oldsmobiles are equipped with engines produced by other GM divisions, subsidiaries or affiliated companies worldwide. See your dealer for details. Please refer to the "Fuel Economy Estimate/Engine Supplement Sheet" provided to your dealer for engine source and EPA mileage estimates.

A night on the town. It takes a special car that fits the mood, the place and the people.

There are those special places and special occasions that demand a special kind of car. The Ninety-Eight Regency Brougham Sedan. Smooth and sophisticated. Thoroughly at ease in fine surroundings. It makes for both a dramatic entrance as well as exit. The next time there's a special affair, look around you. You'll find other Regency owners enjoying that same feeling of pride.

▣ NINETY-EIGHT REGENCY BROUGHAM SEDAN

This top-of-the-line Oldsmobile represents a happy marriage of logic and luxury. It means you can lose your heart without losing your head.

Losing your heart to a Ninety-Eight Regency Brougham is easy to do. Take in those impressive lines, the elegantly appointed interiors, and, likely as not, it's love at first sight.

Yet, even though you lose your heart, your sense of values is not compromised. Not at all. Consider all that you get in Oldsmobile's

top-of-the-line luxury car. Power steering and power brakes. Power seat, power windows and power door locks. Automatic transmission and air conditioning. Even cornering lamps, a convenient trip odometer and more.

Now consider the price. Some luxury cars cost much more. And, here you get a ride as

luxurious as the car itself. Its Pliacel shocks and full-coil-spring suspension smooth the way.

A 5.0-liter V8 with 4-speed overdrive automatic transmission is standard. 5.7-liter diesel V8 available (except in California).

Anyway you consider it, Ninety-Eight Regency Brougham is the logical choice in luxury cars.

⌘ NINETY-EIGHT REGENCY BROUGHAM

You know what it takes to make things right. For you the "thinking man's luxury car" makes sense.

THERE IS A SPECIAL FEEL IN AN OLDSMOBILE

Sure, you like impressive lines, but what about the bottom line? Are you getting what you pay for? You like lavish interiors, but what about quality and solid engineering? Good performance, of course, but what about economy? The more you think about these things, the more a Ninety-Eight Regency makes sense. Why not get all the facts at your nearest Oldsmobile dealer?

▣ NINETY-EIGHT REGENCY COUPE

Style.
You seek it out
in the world of
fashion and in the
cars you drive.

THERE IS A SPECIAL FEEL IN AN OLDSMOBILE

It all comes down to one word: impeccable. It's reflected in your wardrobe, your home decor and your Ninety-Eight Regency Sedan. The styling of a Regency is impeccable — elegant but not ostentatious. The velour interiors, impeccable—luxurious without being pretentious. Regency also has impeccable road manners—soothing, competent, completely in charge. As a test drive will prove.

Let's get it together...buckle up.

This family car is as generous with the family as you are.

Here's a car that goes all out to provide your family with everything you could ever hope to find in a family car. Just look at all that style outside, all that luxury and comfort inside. Wouldn't your family feel right at home in those spacious velour interiors? Enjoying that smooth coil spring ride? When it comes to families, Delta 88 Royale Brougham is generous to a fault.

DELTA 88 ROYALE BROUGHAM SEDAN

Consider it from any angle that's important to you. You'll find that here's the family car that didn't forget the family.

If you were making a checklist of things you'd look for in a family car, we think we have a pretty good idea of what they would be. Let's see. *"It should be priced for family budgets."* That's Delta 88. It is literally one of the best automotive values around. *"It should have lots of room."* That's Delta

88 again. It carries six in stretch-out comfort. And, the trunk carries 20.8 cubic feet of luggage. *"It should look nice, inside and out."* Delta 88 will do your family proud. The Winslow velour interior (shown) comes in Brougham models. *"It should get good mileage."* Delta 88 does.

A 3.8-liter V6 is standard. Two V8s available: 5.0-liter gas V8 and 5.7-liter diesel V8. (Diesel V8 not available in Calif.) *"It should offer durability and value."* The lasting kind you'll find in a Delta 88. It's there for you to enjoy every mile you drive. It also has traditionally high resale value.

DELTA 88 ROYALE BROUGHAM

It's so popular
with families
because it takes
such good care
of families.

Year after year, families just like yours go out and buy a Delta 88 Royale Brougham. It's a perennial favorite, one of the most popular full-size cars in America. Why? Despite all its style and luxury, its plush room-for-six interiors, a Delta 88 Royale Brougham is very affordable. And, it has traditionally high resale value. The family car. For *your* family. Try one on for size soon.

DELTA 88 ROYALE BROUGHAM COUPE

After 20 years,
everyone was a little
nervous. No wonder
you felt good arriving
as you did.

THERE IS A SPECIAL FEEL IN AN OLDSMOBILE

It's a confidence builder, that Oldsmobile Delta 88 Royale. It will deliver you to your destination feeling cool, calm and totally collected. Relaxed and unruffled, too. It's a result of the way Delta 88 Royale caters to your needs with its stylish lines, rich velour fabrics, deep cut-pile carpeting and tasteful appointments. Who wouldn't feel confident arriving in a car like this?

DELTA 88 ROYALE COUPE

After long, busy days, you appreciate the comfort of a smooth, quiet family car. Shhh. So do others.

THERE IS A SPECIAL FEEL IN AN OLDSMOBILE

A trip to Disney World. Or a visit to Grandma's house. At the end of the day, everyone looks forward to the comfort of the Delta 88 Royale. Those full-foam seats are just the ticket for tired bodies. So is the gentle action of the Pliacel shocks and the coil spring suspension. Sound-absorbing materials add to the quiet comfort. The value is comforting, too, and so is the affordable price.

Let's get it together... buckle up.

Add to your Oldsmobile's special feel with these options and accessories.

Tilt-Wheel steering. Adjusts to six different driving positions. Pick the one you want.

Pulse Wiper System. Lets you get a variety of delay-interval wipes as you need them.

Electric Sliding Astrorooft. Conveniently retracts into roof to let in sun, fun and fresh air. It's such a bright outlook.

Illuminated visor/vanity mirror. Lights up when cover is opened. Most convenient.

Halogen headlamps. High-intensity high beam adds extra illumination to nighttime driving.

Reclining front seat backs. Available for driver and passenger side, provide comfort and support.

**Continuous
Protection
Plan**

GM's Continuous Protection Plan offers service protection in addition to that provided by GM's New Vehicle Warranty. Ask your dealer about it. Coverage available only in U.S.A. and Canada.

A word about assembly, components and optional equipment in these Oldsmobile products: The Oldsmobiles described in this catalog are assembled at facilities of General Motors Corporation operated by Oldsmobile Division, General Motors Assembly Division and GM of Canada. These vehicles incorporate thousands of different components produced by various divisions of General Motors and by various suppliers to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety

and fuel economy requirements, or for other reasons, to produce Oldsmobile products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Oldsmobile products and will provide the quality performance associated with the Oldsmobile name.

With respect to extra-cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built.

Rear window defogger. Electric filaments in the glass defog the window quickly and silently. It's there when you need it.

Cruise Control with new "Accel" feature. Lets you accelerate to desired speed and hold it. Great on long trips.

Four-season air conditioner. Cools, heats, dehumidifies and filters for comfort.
