Bonneville

BONNEVILLE BROUGHAM.

Come. Step inside a six-passenger Bonneville Brougham (shown left), and discover the ultimate in Pontiac luxury.

Note the courtesy lamps. Luxury door trim. And pull handles that make it easy to close the door. Little things. But it's the little things that make a big difference in a luxury car.

Now, turn the key in the ignition. Chimes, not buzzers, urge you to buckle up. Shift the three-speed automatic to DRIVE, and 3.8 litres of V-6 power take you briskly up to speed. The thickly padded steering wheel feels good under your fingers, and delivers a pleasing feel for the road. All the while, plush carpeting underfoot makes you want to kick your shoes off.

Stop, get out, and look it over. You'll like the way the available padded Cordova top curls around the back window, giving a little extra privacy. And the opera lamps really add a touch of class. All in all, Bonneville Brougham has been a very pleasant driving experience.

BONNEVILLE LE. If Pontiac ever made a four-door Grand Prix, this would be it. The Bonneville LE (shown above) comes with a sporty four-spoke steering

wheel, and available wire wheel covers. To add performance to the pizzazz, order a 5.0 litre V-8 engine, turbo-finned cast aluminum wheels, superlift shock absorbers, limited slip differential, performance axle, tachometer and engine gauges.

BONNEVILLE. When we say Bonneville handles well, we're talking about more than the way it responds to steering

input. We're talking about an interior—1326 mm (52.2 in.) wide in front, 1412 mm (55.6 in.) in rear—that handles six adults with ease. A trunk that handles 469 litres (16.6 cu.ft.) of luggage with care. And a full-coil suspension that handles ruts, bumps and jolts with grace under pressure.

Pontiac Bonneville. It handles the road... and a whole lot more.

Right: The interior in a Bonneville Brougham features a 55/45 seat with center armrest which allows separate adjustment for driver and passenger, your choice of five colors of textured cloth, carpeting and more.

Bottom left: Bonneville's seating combines vinyl facing with a ripple cloth seat pattern. Luxurious cut-pile carpeting stretches door to door.

Bottom centre: Bonneville LE's seating for six features rich cloth with ribbed inserts surrounded by padded bolsters. 55/45 seats are available for this style at extra cost.

Bottom right: This new 4-spoke sport steering wheel is standard on the Bonneville LE, available on the Bonneville Sedan. A leather-wrapped version is also available for both models.

Instruments in Canada are metric where required.

1984 BONNEVILLE FACTS & FIGURES

Select the combination of "extras" that make your Pontiac uniquely yours from the long list of standard and available features, some of which are given below. Ask your dealer about group packages and the many other features not indicated below. Your dealer will also advise you of the availability of the various items on the model of your choice.

A word about engines.

These Pontiacs are equipped with GM-built engines produced by various divisions and affiliates of General Motors Corporation and GM of Canada.

Order Code	Displacement	Carb. bbl	Cyl.	†V.I.N.	*Source	Transmission
LD5	3.8 litre (231 CID)	2	V6	A	(1)	Automatic
LG4	5.0 litre (305 CID)	4	V8	H	(2)(4)	Automatic O.D. Automatic
LF9	5.7 litre (350 CID)	Diesel	V8	N	(3)	Automatic O.D. Automatic

*Produced by GM. (1) Buick Division USA (2) Chevrolet Division USA
(3) Oldsmobile Division USA (4) GM of Canada

†The V.I.N. (Vehicle Identification Number) Engine Code is the eighth entry (letter or numeral) from the left on the vehicle serial number plate. The vehicle serial number plate is located on the top portion of the driver's side of the instrument panel and can be viewed from the exterior of the car by looking through the windshield.

(Pressure relief system on Firebird) • Tread-wear indicators on tires.

ANTI-THEFT • Audible anti-theft ignition key reminder • Anti-theft steering column lock • Inside hood release • Anti-theft key system (one key for ignition only, second key for doors, trunk/hatch/tailgate and glove compartment) • Visible vehicle identification number.

A word about assembly, components, and optional equipment in these vehicles.

The vehicles described in this brochure are assembled at various Divisions of General Motors Corporation. These vehicles incorporate thousands of different components produced by General Motors of Canada Limited and related companies and their suppliers. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emission and safety requirements or fuel economy guidelines, or for other reasons, to produce vehicles with different components or differently sourced components than initially scheduled. All such components have been approved for use in our products by General Motors of Canada Limited or related companies and will provide the quality performance associated with our name.

Please note that certain optional equipment can be ordered only in conjunction with other optional equipment.

Also, upgrading from specified standard equipment may be necessary when certain optional equipment is ordered. Ask your sales representatives for details.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

All illustrations and specifications contained in this catalogue are based on the latest product information available at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost. Check with your dealer for complete information.
