A new way to roll®

Introducing the all-new 2014 Kia Soul. Everything from an available 2.0L Gasoline Direct Injection (GDI) engine* to a panoramic sunroof* is designed to make every drive more exciting than ever. Unique exterior styling — complemented by a striking interior with soft-touch material throughout — gives Soul a personality all its own. Three trim levels along with a choice of packages allow you to add impressive options. Like all new Kia models, Soul comes with an industry-leading, 10-year/100,000-mile warranty program.¹

Uniquely entertaining

Available pulsating multicolored front-door speaker lights* — they're just one of the features Soul combines into a fully integrated entertainment system. USB/auxiliary jacks allow you to play your favorite tunes from your own music library using a compatible MP3 audio player. Soul lets you enjoy that music on an available Infinity^{®2} premium sound system with eight speakers, including an external amplifier and a subwoofer that provides a concert-like audio experience.* In addition, an available UVO eServices³ infotainment system with voice-command navigation* increases your choices in entertainment and convenience.

Room to let your imagination soar

What you carry in your Soul is up to you. With 60/40 split-folding rear seats, you choose whom or what comes along for the ride. If you've ever marveled at a sky full of stars, then you get the idea behind the available panoramic sunroof.* With Soul, it's one more reason why the sky's the limit.

*See Features page for availability. Not all optional features are available on all trims. *! (exclaim)* WITH WHOLE SHABANG PACKAGE SHOWN.

It's open to almost anything

Soul lets you carry all the cargo you need to suit your lifestyle with an expansive 24.2 cu. ft. of available space. It's also remarkably versatile thanks to 60/40 split-folding rear seats. An easy-open liftgate gives you quick access to the cargo area, which includes a hidden storage compartment with dividers. An available cooling glove box* helps you keep refreshments chilled for those long drives.

1. 60/40 SPLIT-FOLDING REAR SEATS Conveniently carry longer items, passengers — or a combination of both — by folding down one or both of the rear seats. **2. REAR-PASSENGER COMFORT** The rear seat has room for three passengers or two passengers and a flip-down center armrest with dual cupholders.¹ **3. CONCEALED STORAGE** The floor of the cargo area flips up to reveal a hidden compartment for securely carrying smaller items. In addition, a cargo cover on + (*plus*) and ! (*exclaim*) models will keep your things out of view. **4. ROOF-RACK READY** To carry even more gear, an accessory roof rack is available.² The rack's mounting points are flush with the roofline to maintain a streamlined exterior design when the rack is not installed.

*See Features page for availability. Not all optional features are available on all trims. **Limited availability on some models. Not available with panoramic sunroof.** Optional accessory roof rack available late 2013. ! (*exclaim*) WITH WHOLE SHABANG PACKAGE SHOWN.

Comfort to go

It's your space — and the closer you look, the better it gets. A spacious, well-appointed interior lets you travel in style and comfort. Soft-touch material on the dash and throughout the interior, complemented by available black gloss trim accents,* gives it a sleek look all its own. Soul + (*plus*) and Soul ! (*exclaim*) are available with features that enhance comfort and convenience, including leather seat trim, a 10-way power-adjustable driver's seat with power lumbar support, and automatic climate control.*

HEATED SEATS* To help ensure comfortable driving in cold weather, available heated front seats feature multiple temperature settings. The available heated rear seat cushions have high and low settings.

VENTILATED FRONT SEATS* For optimal comfort in warm weather, the available ventilated front seats let you choose multiple fan speeds to circulate cool air through perforations in the seat leather.

*See Features page for availability. Not all optional features are available on all trims. Rear-center armrest will have limited availability on some models. ! (*exclaim*) WITH WHOLE SHABANG PACKAGE SHOWN.

1. SUPERVISION GAUGES* Available Supervision meter cluster display has sharp, high-contrast graphics thanks to its 4.3-inch Thin-Film Transistor (TFT) color LCD. **2. HEATED STEERING WHEEL*** Make driving in colder weather more comfortable with an available heated steering wheel. **3. REAR-CAMERA DISPLAY**** Available Rear-Camera Display helps you conveniently see things behind your vehicle that you might not see by looking over your shoulder. **4. SPEAKER LIGHTS*** Front-door speakers are highlighted by available pulsating, multicolored speaker lights. Choose a setting that alternates colors or pulsates according to volume level with a steady yellow-orange. **5. PUSH-BUTTON START*** Start or stop the engine at the push of a button with the available Smart Key remote, even with the key fob in a pocket or purse. **6. POWER-FOLDING OUTSIDE MIRRORS** Easily fold in the outside mirrors on the *! (exclaim)* using a door-mounted switch or by unlocking the car. Or set the Smart Key to automatically fold them in or out when parking in tight spaces.

Enjoy the benefits of advanced technology

Soul puts advanced technology to work for you, making every drive more convenient and enjoyable. Premium available features include everything from a voice-command navigation system to an Infinity®² audio system with eight speakers, including a subwoofer and an external amplifier for the ultimate audio experience.*

BLUETOOTH® WIRELESS TECHNOLOGY* Enjoy streaming audio when using a Bluetooth® wireless technology-enabled device. **SIRIUSXM® SATELLITE RADIO*** Get over 150 channels of commercial-free music, sports, news and talk in your Kia. With All Access, enjoy 160+ channels on your computer, smartphone and tablet.® **STEERING-WHEEL-MOUNTED CONTROLS** Soul lets you conveniently operate the audio system without taking your hands off the steering wheel.

2, 4, 5, 6. * See Features and Specifications pages for availability and endnotes. **Not all optional features are available on all trims. *! (exclaim)* WITH WHOLE SHABANG PACKAGE SHOWN.

Engineered to perform

Soul is designed to make driving fun. You can turn every trip around town into a high-energy outing thanks to Soul + (*plus*) and ! (*exclaim*) models' 164-horsepower, 2.0L Gasoline Direct Injection (GDI) engine and Sportmatic® transmission with clutch-free manual shifting. In addition, FlexSteer™ electronic steering gives you a choice between regular and comfort settings — along with a sport setting for when you're in the mood to enjoy Soul's quick and agile handling. An available Eco Package on Soul + (*plus*) includes Idle Stop & Go (ISG). It automatically turns off the engine when you come to a complete stop and then seamlessly restarts the engine when you release the brake pedal.

! (*exclaim*) WITH WHOLE SHABANG PACKAGE SHOWN.

Advanced safety systems — because driving is more than fun and games

Soul helps provide peace of mind when life throws you a curve. Its safety systems[†] are engineered to help you maintain control, even in harsh road conditions and some emergency situations. Each one is designed to function automatically, leaving you free to focus on safe driving.

VEHICLE STABILITY MANAGEMENT (VSM)

VSM adds steering direction control capability. The system intervenes in appropriate situations to help the driver regain control of the vehicle.

ELECTRONIC STABILITY CONTROL (ESC)

ESC provides improved directional stability, which helps you maintain better control in difficult driving situations. During emergency maneuvers, it can control the engine and brakes to help keep your Soul on course.

HILL-START ASSIST CONTROL (HAC)

To help keep your Soul from rolling backward when starting off on a steep hill, the HAC system automatically holds the brake pressure for two seconds after you take your foot off the brake pedal.

BRAKE ASSIST SYSTEM (BAS)

If BAS detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance and helps keep you in control.

ANTI-LOCK BRAKES (ABS)

ABS is the foundation of an active safety system and contributes to driver confidence. The system helps provide greater vehicle control when stopping in difficult conditions like wet or slippery roads.

[†]No system, no matter how advanced, can compensate for all driver error, driving conditions, accidents, and/or injury. Always drive responsibly. / (exclaim) WITH WHOLE SHABANG PACKAGE SHOWN.

Strength

SIDE-IMPACT DOOR BEAMS

All doors are reinforced with steel beams to help absorb impact energy and deflect side-impact force. The A and B pillars are also reinforced to help strengthen the body of the vehicle.

FRONT & REAR CRUMPLE ZONES

Front and rear crumple zones are specially engineered to help absorb and dissipate impact energy, helping to preserve the structural integrity of the passenger compartment in certain collisions.

REAR CHILD-SAFETY DOOR LOCKS

Rear child-safety door locks are designed to help prevent the doors from being opened accidentally, which is especially important when small children are passengers. With the doors in the locked position, they can only be opened from the outside.

LATCH SYSTEM

The standardized Lower Anchors and Tethers for Children (LATCH) system makes it easier to securely install a compatible child seat in any of the three rear seating positions.

Intelligence

AIRBAG & SEAT BELT SENSORS¹⁵

An advanced sensor system manages six airbags by monitoring the severity of an impact, presence of passengers and seat belt use, and then controls airbag inflation accordingly.

FRONT SEAT BELT PRETENSIONERS

Pretensioners have been designed to tighten the seat belts in the event of certain collisions. This helps to reduce the likelihood of injuries in some situations.

HEIGHT-ADJUSTABLE SEAT BELT ANCHORS

The front height-adjustable seat belt anchors allow the driver and front passenger seat belts to be raised and lowered for a proper fit.

THREE-POINT SEAT BELTS

Front and rear three-point seat belts are standard for all five seating positions, so that each person is protected with both an over-the-lap and a shoulder seat belt.

TAKING ON THE COMPETITION

The Kia Racing team is dedicated to competing against world-class competition — and winning. That dedication is part of Kia’s belief that the knowledge gained in competition can be applied to the entire Kia lineup to provide you with vehicles that perform beyond your expectations. The Kia Racing team includes championship-winning drivers with a proven track record, and during the 2013 racing season they kept the momentum going. That means you can look for Kia drivers in the winner’s circle at racetracks across America in the months ahead.

COMPELLING DESIGN

Kia vehicles have captured worldwide attention for their interior and exterior styling, which represents the collaborative work of designers who have created a look that makes every Kia recognizable at first sight. Today, the lineup consists of vehicles that fill owners as well as Kia’s designers with pride.

Delivering on a promise

Kia is committed to producing world-class vehicles to suit most every driving need. This promise has led to the development of stylish vehicles with an extraordinary combination of precision engineering, outstanding performance, innovative features and advanced safety systems. The value found in every Kia vehicle has been widely recognized¹⁶ — one reason Kia has been honored in Interbrand’s Best Global Brands 2012 report.¹⁷

COMMITMENT TO AMERICA

Kia Motors has invested over \$1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant recently produced its one millionth vehicle after less than four years of operation. The Sorento crossover and certain Optima midsize sedans are currently being built at this plant.* Together with on-site and local suppliers, the Georgia facility is responsible for the creation of more than 11,000 jobs in West Point and the surrounding areas. It’s all part of Kia Motors’ commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

INDUSTRY-LEADING WARRANTY PROGRAM¹

Kia engineers are passionate about producing vehicles that are exceptionally well designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an industry-leading warranty program!

- 10-year/100,000-mile limited powertrain warranty
- 5-year/60,000-mile limited basic warranty
- 5-year/100,000-mile limited anti-perforation warranty
- 5-year/60,000-mile 24-hour roadside assistance⁹

DONORSCHOOSE.ORG

Kia is committed to providing assistance to those in need. That’s why Kia became the first car company to partner with DonorsChoose.org, an online charity that allows organizations and individuals to donate to classrooms in need. To date, the “Double Your Impact” campaign — which began with Kia’s \$1 million donation — has resulted in contributions from more than 21,000 “citizen philanthropists” and benefitted nearly 500,000 public school students. In 2013, Kia is launching a major funding campaign that will raise the total impact to \$5 million in just two years.
