

2008 | FORESTER

Public Li

READY FOR YOUR LIFE.

IT'S WHAT MAKES A SUBARU, A SUBARU.

THE SUBARU FORESTER

THE MOST AWARD-WINNING SUV. EVER.

It's always nice when everyone agrees. Say, in determining the best in class. The Subaru Forester is the winner of more awards than any other compact SUV in the past five years. It consistently receives the highest safety ratings of any vehicle on the road. And its easy drivability and practical versatility fits in ideally to the many facets of your life. Even your passengers will agree that they're riding in one of the best vehicles in its class. Now, if you can only decide where to go for dessert.

> CONTROL
TO KEEP YOU SAFE

SUBARU SYMMETRICAL ALL-WHEEL DRIVE

Sleet. Gravel. Gigantic potholes. You never know what's coming. So give yourself the adhesive advantage of the standard Subaru Symmetrical All-Wheel Drive (AWD) system to keep all four tires sticking to the road. Its uniquely balanced configuration helps ensure stability and poise. Its efficiency at transmitting power delivers greater grip and quick response to slippage. And we've been perfecting AWD for over 30 years. Giving you the confidence to handle virtually any road on your own terms.

NON-SLIP GRIP

CONTINUOUS AWD

Forester models equipped with the 5-speed manual transmission use a viscous-locking center differential. Should wheel slippage occur, it helps transfer power to the front or rear wheels with the most traction.

ACTIVE AWD

Matched to the 4-speed automatic, the Active AWD system monitors parameters such as wheel slippage and vehicle speed, actively adjusting power to the front or rear wheels for optimal adhesion.

VTD AWD

2.5 XT models with the optional 4-speed automatic transmission use the Variable Torque Distribution (VTD) system that normally splits power 45% front and 55% rear for a sporty feel, and dynamically reapporitions torque for maximum grip.

HANDLING AND CONTROL

Safety hasn't traditionally been synonymous with driving enjoyment. But the Forester proves that you can have the best of both. Every drivetrain component and every chassis part has been engineered to optimally blend control, performance and comfort. You'll feel it in the quick, precise rack-and-pinion steering. The responsive 4-wheel disc brakes. And the control of the fully independent suspension. They're all geared toward providing driving pleasure, with no compromise to the confidence-inspiring security that defines the Forester.

8.1 INCHES OF
GROUND
CLEARANCE

With up to 8.1 inches of ground clearance (7.9 inches on the 2.5 XT models), the Forester gives you the ability to clear obstacles and travel over rocky surfaces. It puts many destinations with unpaved roads within reach.

4-WHEEL INDEPENDENT SUSPENSION

Unlike most SUVs, the Forester provides nimble and agile handling, thanks to its car-bred, SUV-optimized 4-wheel independent suspension. While making quick work out of irregularities in the road, it provides swift response to steering input.

BRAKES

Every Forester is equipped with Electronic Brake-force Distribution (EBD). It's a system that works in conjunction with the Anti-lock Brake System (ABS) to provide more even and stable braking by optimally apportioning stopping power to the front and rear wheels.

Forester 2.5X in Garnet Red Pearl with optional Premium Package and accessory roof-mounted crossbars with ski/snowboard attachment.

> POWER

BOTH POTENT AND EFFICIENT

SUBARU BOXER ENGINE

Every engine generates power. But the unique SUBARU BOXER engine gives you so much more. The flat, horizontally opposed configuration empowers the Forester with a lower center of gravity, delivering precise handling and enhanced stability. The result is a car that goes where you want it to, especially when changing directions quickly, impressing driving enthusiasts and safety experts alike. And its layout ensures smooth, plentiful power, matched with the efficiency and durability you need for everyday driving. Performance. Safety. Reliability. Much like the jabbing motion of a boxer's arms that it's named after, it packs quite a punch.

AIM HIGH PLACE LOW

SMOOTHER OPERATION

The 180-degree boxer engine layout allows the pistons to move in exact horizontal opposition, effectively negating vibrations. Its smoothness not only sweetens power delivery, it also helps increase longevity.

SUBARU BOXER ENGINE

INLINE ENGINE

V-TYPE ENGINE

GREATER CONTROL

Compared to other types of engines, the lower profile of the SUBARU BOXER engine helps the Forester lean less around curves and while maneuvering, giving you greater control overall.

FORESTER

COMPETITOR

Forester Sports 2.5 XT in WR Blue Mica.

PERFORMANCE

Feel the passion and knowledge derived from our rally heritage, every time you press the accelerator. Start with the SUBARU BOXER engine's aluminum alloy construction that helps reduce its weight and increases durability. Add Electronic Throttle Control (ETC) for a more precise response to your right foot. And top it off with sophisticated valve technology for an ideal blend of smooth, powerful propulsion and efficiency. When motivated by such exceptional engines, imagine how the Forester will motivate you.

2.5X

The naturally aspirated four-cylinder engine makes 173 horsepower for spirited acceleration, while providing a superior fuel economy of up to 20 city/27 highway mpg. And it meets some of the highest emissions standards in the country.

2.5 XT

The functional hood scoop is the only external hint to the thrill that awaits you. Fortified by an inter-cooled turbocharger that raises horsepower to 224 and torque to 226 lb.-ft., 2.5 XT models deliver proven acceleration that rivals or bests that of many sports cars. They'll never see it coming.

5-SPEED MANUAL TRANSMISSION

For those who prefer to shift on their own. Fully synchronized to deliver smooth and precise shifts, our manual transmission also features a Hill Holder system to help minimize rolling backwards on inclines.

4-SPEED AUTOMATIC TRANSMISSION

Around town, this smooth-shifting unit maximizes fuel economy. For more spirited driving, the transmission adapts to your driving patterns for better drivability.

> **VERSATILITY**
FOR YOU AND YOUR PASSENGERS

COMFORT

With the refined interior and the premium amenities available in the Forester, “Are we there yet?” becomes “Are we there already?” You and your passengers can find ideal contentment with roomy accommodations for all. Keep the tunes flowing from your iPod® or satellite radio. Maintain your chosen temperature with the automatic climate control.

Enjoy the dual-stage heated front seats and the 8-way power driver’s seat. And let in the sunshine and fresh air for your front and rear passengers with the panoramic power moonroof. Because you’ll find that your passengers’ grumble level is inversely proportional to their comfort level.

Forester 2.5X L.L.Bean Edition with Desert Beige leather.

SATELLITE RADIO

Listen to rock, jazz, classical or any channel in digital-quality sound, wherever your journey may take you. The Forester is pre-wired for SIRIUS™ Satellite Radio that lets you access over 130 channels of satellite feed.¹

¹ With your paid subscription and additional equipment.

AUXILIARY JACK

Keep your playlist close by with the auxiliary audio jack, which will accommodate your iPod or virtually any portable media player. Just plug it in and your tunes will flow through the speakers.

L.L.BEAN EDITION

Inside the interior are seats trimmed in supple leather with exclusive Alcantara® accents. And a wood and leather-wrapped steering wheel and shifter wait for your input.

VERSATILITY

Your friends. All their bags, suitcases, sports equipment, and enough food to feed the horde. The smartly proportioned Forester gives you intelligent solutions to carry your passengers in comfort and their cargo in order. Start with the generous rear storage space that's easy to load. Add 60/40 split-folding rear seats. A wide array of storage bins, pockets, available accessory nets, tiedowns and hooks to secure them all. And just in case you can't get it all inside, it even comes with a roof rack that can hold up to 150 pounds.

CARGO-AREA UNDER-FLOOR STORAGE

Under the cargo-area floor, you'll find a compartmentalized tray that's perfect for organizing small items prone to sliding around. And they're kept out of sight, away from prying eyes.

MULTIFUNCTION CENTER CONSOLE

Have access to the items you want close to you during the drive. Flip its lid, and rear-seat passengers get two extra cupholders. And the dual-tiered center console provides a 12-volt power outlet and a sliding armrest.

60:40

SPLIT-FOLDING REAR SEATS

The 60/40 split-folding rear seats give you flexibility to fit your passengers and cargo. Put both seatbacks up to carry three passengers. Put one of the seats down to carry one or two passengers and a long item. Or fold both down for full access to the 68.6 cu. ft. of cargo space.

68.6

CU. FT. OF CARGO SPACE

> **ENGINEERING**
TO AVOID AND PROTECT

STRENGTH AT ITS CORE

Our multidimensional approach to safety is integrated into every Subaru. Every part, from advanced control technologies right down to the welds of the reinforced structure, has been engineered to provide the greatest amount of protection. Providing you with the peace of mind that is the essence of every Subaru experience.

Image above shown for illustration purposes only.

“Top Safety Pick”¹ - Insurance Institute for Highway Safety

★★★★★ for front and side impact collisions.²

- National Highway Traffic Safety Administration

ACTIVE SAFETY

Keeping you safe begins with the traction of Subaru Symmetrical AWD and responsive handling to help keep your vehicle in control. These inherent Subaru advantages are supported by a comprehensive array of features to help you in an emergency. At Subaru, every innovation is designed with your protection in mind.

ELECTRONIC STABILITY CONTROL

The computer sensors of the available Vehicle Dynamics Control (VDC) system continually monitor driving conditions to detect and help correct unintended deviations in the vehicle's trajectory and help set you back on the correct path.

TRACTION

Standard full-time AWD automatically adjusts power front and rear, helping to maintain greater traction, no matter what the road surface or the weather has in store, helping you to maintain better control of your Forester.

FRONT AND SIDE AIR BAGS³

An intelligent front air bag system senses front-passenger seat occupancy to determine the safest deployment level. Front side-impact air bags help protect front seat occupants.

REINFORCED CONSTRUCTION

Engineered for exceptional strength to help maintain the integrity of the cabin structure, the innovative Subaru ring-shaped reinforcements around the passenger compartment also help absorb crash-impact energy away from occupants.

PASSIVE SAFETY

Subaru innovations not only help you evade a collision. They help you and your passengers avoid injury, thanks to features like side-impact beams, active front head restraints and the Subaru safety pedal system. And a full array of air bags and a Ring-Shaped Reinforcement Frame around the cabin help dissipate the energy of an impact. Together, they help the Forester achieve top ratings in crash tests.

¹ Ratings for 2007 Forester. Rating based on Insurance Institute for Highway Safety 40-mile-per-hour frontal crash test, 31-mile-per-hour side-impact test, and 20-mile-per-hour rear-impact test. For more information, contact the Insurance Institute for Highway Safety or visit their website at www.iihs.org.

² Ratings for 2007 Forester. Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program. Visit safecar.gov for more information.

³ Always wear seat belts. Children should be properly restrained in the rear seat.

YOUR SUBARU. YOUR WAY.

2.5 X

Value doesn't have to mean compromise with the 2.5X. Motivated by a stout 173-horsepower engine, it's replete with all the convenience and versatility that defines the Forester. Pick the Premium Package for features like an in-dash 6-disc CD changer, a panoramic moonroof and heated front seats.

2.5 X L.L.BEAN EDITION

Style meets function with the L.L.Bean Edition. Enjoy the special leather-trimmed upholstery, a wood and leather-wrapped steering wheel and a useful L.L.Bean-embossed cargo tray. And it comes standard with an automatic transmission.

SPORTS 2.5 X AND 2.5 XT

Get aggressive styling inside and out with the Forester Sports. You'll notice the dramatically different front fascia and Sports 2.5 XT 12-spoke 17" STI-style wheels. Step inside to find aluminum pedal covers and unique black accents to match the Anthracite Black cloth upholstery.

2.5 XT LIMITED

Be thrilled by the 224 turbocharged horsepower of the 2.5 XT Limited. It delivers all of the amenities Forester has to offer as standard features. Mate it to the smooth shifting 5-speed manual or get the convenience of the automatic transmission that comes with the Vehicle Dynamics Control (VDC) system.

SUBARU SYMMETRICAL ALL-WHEEL DRIVE	
Continuous All-Wheel Drive	2.5X and 2.5XT models equipped with 5-speed manual transmission utilize a viscous-type locking center differential and limited-slip rear differential. ^{3,4} Torque distribution normally configured at a 50/50-split front-to-rear. If wheel speed differs between front and rear axles, the system helps distribute power to the wheels with the most traction.
Active All-Wheel Drive	2.5X models equipped with 4-speed automatic transmission utilize an electronically controlled variable multiplate transfer clutch and viscous-type limited-slip rear differential ^{3,4} to distribute power to where traction is needed. Sensors monitor parameters such as wheel slippage, throttle position and braking to help determine torque distribution to the wheels with optimum traction.
Variable Torque Distribution (VTD) All-Wheel Drive	2.5XT models equipped with 4-speed automatic transmission utilize an electronically controlled variable transfer clutch in conjunction with a planetary-type center differential, and a viscous-type limited-slip rear differential. Torque distribution is normally configured at a performance-oriented rear-wheel-biased 45/55 split front-to-rear. Sensors monitor parameters such as wheel slippage, throttle position and braking to help determine torque distribution and direct it to the wheels with optimum traction.

STABILITY AND TRACTION	
Vehicle Dynamics Control (VDC)	VDC electronic stability control utilizes sensors which constantly monitor wheel speed, steering angle, brake pressure, vehicle yaw rate and lateral g-forces. If VDC detects a difference between the driver's intended path and the one the vehicle is actually taking, VDC applies braking power and/or reduces engine torque to help correct vehicle path. Sports 2.5 XT and 2.5XT Limited: Standard with optional automatic transmission.
Traction Control System (TCS)	VDC also incorporates an all-wheel, all-speed traction control system which senses a loss of traction and applies braking force to the slipping wheel or wheels as necessary to maintain vehicle motion.

CHASSIS			
Steering	Engine-speed-sensing variable power-assisted rack-and-pinion. Turns lock-to-lock: 3.0. Turning circle: 34.8 ft. (Sports 2.5 XT and 2.5 XT Limited: 35.4 ft.).

● Standard ○ Optional - Not available

¹ 2008 Forester 2.5X models are certified as Partial Zero Emission Vehicle (PZEV) that are sold, registered and operated in California, Connecticut, Maine, Massachusetts, New York, Rhode Island or Vermont, all emission parts are covered for 15 years/150,000 miles, whichever comes first. For complete warranty information, see your Subaru dealer. ² Regular unleaded gasoline with an octane rating of 87 AKI or greater may be used. Using regular unleaded gasoline could result in reduced engine performance. See Owner's Manual for more detailed information. ³ Limited-slip rear differential not available on base Forester 2.5X or Sports 2.5X. ⁴ Optional as part of 2.5X Premium Package only. See optional equipment listing above. ⁵ The front-lip spoiler decreases front ground clearance and approach angle. Extra care must be taken to avoid damaging the spoiler in certain driving conditions. See Owner's Manual for more detailed information. ⁶ Auto-dimming mirror and satellite radio available as accessories. Satellite radio hardware and required monthly subscription sold separately. See your dealer. ⁸ The Supplemental Restraint System (SRS) (air bags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions. This system provides supplemental protection only, and seat belts must be worn in order to avoid injuries to out-of-position occupants upon bag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat. ⁷ Standard with optional automatic transmission only.

¹ Front and rear seats feature Alcantara accents.

GENUINE SUBARU ACCESSORIES

Make a Subaru your Subaru with Genuine Subaru Accessories. From styling enhancements to storage solutions, you can outfit your Subaru to be as unique as your adventures, giving you the versatility to take everything—and anything—you need. And backed by a 3-year, 36,000 limited warranty, they're built with Subaru reliability in mind.

¹ AUTO-DIMMING MIRROR WITH COMPASS AND HOMELINK®

The rearview mirror darkens to help reduce glare when headlights are detected from behind the vehicle. It also features an integrated electronic compass display.

² KAYAK CARRIER

This kayak carrier cradles and helps securely transport most kayak hull shapes. Includes straps with padded buckles.

³ ROOF CARGO CARRIER

Get 13 cubic feet and up to 100 lbs. of lockable storage capacity. This roof cargo carrier opens from rear to accommodate loading from three sides. Measures 56" L x 36" W x 18" H.

⁷ MOONROOF AIR DEFLECTOR

This air deflector helps reduce wind noise and cuts sun glare.

Cannot be used in conjunction with the Extended Roof Cargo Carrier.

⁸ SPLASH GUARDS

The durable polymer material helps protect vehicle from stones and road grime. Finish matches lower vehicle color. Available in a set of four.

⁹ REAR SPOILER

This color-matched, rear gate spoiler adds a sporty look to your Forester.

¹⁰ TRAILER HITCH

Heavy-duty rated at 200 pounds tongue weight and 2,400 pounds towing capacity, this hitch is built strong.

Ball not included. Trailer brakes may be needed.

⁴ ROOF MOUNTED BIKE ATTACHMENT

Transport two bicycles in secure fashion. This bike attachment can hold bicycles that have 1" to 2-1/8" downtubes.

Subaru Fork-mounted Bike Carrier recommended for bikes that have carbon fiber frames.

⁵ CARGO NETS

Neatly hold cargo and prevent it from sliding while the vehicle is in motion.

⁶ CARGO TRAY

Help protect cargo area from dirt and spills with the cargo tray. Can be easily removed and rinsed clean.

¹¹ REAR BUMPER COVER

Protect the upper surface of the rear bumper from scratches and dings with a rugged rear bumper cover.

¹² ALL-WEATHER FLOOR MATS

Custom-fitted, heavy-gauge protective floor mats help protect your vehicle carpet from sand, dirt and moisture. The mats are available for 5- and 7-passenger applications.

¹³ SIRIUS™ SATELLITE RADIO

Over 130 digital channels of commercial free programming including music, sports, news, talk, lifestyle, and more.

Monthly subscription sold separately. Additional fees, equipment, and taxes may apply. Not available in Hawaii and Alaska.

FOR A COMPLETE LIST OF AVAILABLE ACCESSORIES, VISIT YOUR LOCAL SUBARU DEALER OR LOG ON TO WWW.SUBARU.COM.

OWNERSHIP BENEFITS

Enjoying your Subaru for years to come—that's the promise of our comprehensive warranties and roadside assistance program. It's a fact attested to by 95% of Subaru vehicles sold in the past 10 years that are still on the road today¹. It's the confidence you feel when you get behind the wheel.

NEW CAR LIMITED WARRANTY

3 years or 36,000 miles, whichever comes first.

POWERTRAIN LIMITED WARRANTY

5 years or 60,000 miles, whichever comes first.

RUST PERFORATION LIMITED WARRANTY

5 years, unlimited mileage.

WEAR ITEM LIMITED WARRANTY

3 years or 36,000 miles, whichever comes first. We cover you where others don't. Repairs to the following items will also be covered under warranty.

- Brake Pads
- Clutch Linings
- Shoe Linings
- Wiper Blades
- Transmitter Batteries

THE SUBARU ROADSIDE ASSISTANCE PROGRAM

This comprehensive package covers all 2008 Subaru vehicles during the first 3 years or 36,000 miles, whichever comes first. By calling the toll-free number in the Owner's Information Kit, Subaru owners can take advantage of any of the following benefits:

- 24-hour Roadside Assistance, seven days a week, 365 days a year, throughout the continental United States including Alaska.
- Emergency Towing Service to the nearest authorized Subaru dealer.
- Emergency Roadside Assistance for jump starts, gasoline (up to two gallons), flat tire change, emergency lockout service (lost key or key is locked in the vehicle) and emergency fluid replacement.

SUBARU ADDED SECURITY®

It's possibly the most important option you choose. Protect your investment with a Subaru Added Security extended service contract—the only one backed by Subaru of America, Inc. Ask your salesperson for coverage details and assistance in selecting the plan that's best for you, up to 7 years or 100,000 miles.

SUBARU.COM

Begin your Subaru experience right in your own home. Here, you can find extensive information, including specs, photos and reviews. Build your own Subaru, locate dealers and schedule a test drive. After your purchase, activate your free My.Subaru site, where Subaru owners can track their vehicle's service history, schedule service appointments, receive special offers exclusive to My.Subaru members and much more.

SHARE THE EARTH

Integral to the Subaru ownership experience is understanding our never-ending commitment to finding innovative ways of preserving the environment. It's about leaving as small a footprint as possible—respecting the Earth, respecting the future, and respecting the consumer. Resulting in technology with real-world benefits that everyone can enjoy.

As a corporation, we feel that it is essential to be responsible citizens of Planet Earth. Our dedication to ease the burden on the environment at every stage begins from the time that a vehicle is conceptualized to when it's fully integrated into your life. During the process, we've become the first U.S. auto assembly plant to achieve zero landfill status, with the entire plant generating less waste than the average U.S. household. We've received ISO 14001 certification for recycling and waste reduction in every stage of manufacturing, marketing and sales. And we offer a full array of vehicles that meet PZEV (Partial Zero Emissions Vehicle) classification². Some of our most popular models have available engines that have received the EPA's stringent SmartWay designation, which means they emit lower amounts of pollutants that cause smog. Spew less of the carbon dioxide that causes global warming. And have impressive fuel economy compared to other vehicles in their class. We think that owning a Subaru should be as rewarding as driving one.

¹ Based on R. L. Polk & Co. registration data in the U.S. 1997 to 2006. ² For 2008 Outback 2.5i, Legacy 2.5i and Forester 2.5X models certified as Partial Zero Emission Vehicles (PZEV) that are sold, registered and operated in California, Connecticut, Maine, Massachusetts, New York, Rhode Island or Vermont all emission parts are covered for 15 years/150,000 miles, whichever comes first. For complete warranty and program information, including coverage and disclosures see your Subaru dealer or log on to www.subaru.com.

Ready for your life.

It's what makes a Subaru, a Subaru.
