

We think before we print.

Subaru Life.

Next time you pick up a Subaru brochure, know that our environmentally sensitive printing process has reduced the amount of trees, water and energy used in our brochure production. In fact, since 2008, we have saved 1,558 trees, 653,189 gallons of water and close to 1 billion BTUs of energy. Every brochure we print is produced using this "Green Printing Process" and Forest Stewardship Council (FSC) standards. We're even using more environmentally responsible, vegetable-based inks. So whether you download a PDF or get a brochure, know that we have taken steps to minimize our impact on the Earth.

For instant gratification, download a PDF version of our brochures.

Have a printed brochure sent to you or pick one up at your local dealer.

Mixed Sources

Product group from well-managed forests, controlled sources and recycled wood or fiber
www.fsc.org Cert no. SGS-COC-005612
© 1996 Forest Stewardship Council

This brochure was printed with vegetable-based inks and produced using a "Green Printing Process" and FSC standards. The Forest Stewardship Council (FSC) is an international organization that brings people together to find solutions which promote responsible stewardship of the world's forests and environments.

By producing this brochure in a green way rather than by traditional methods, we saved 29 trees preserved for the future; 86,52 lbs water-borne waste not created; 12,698 gallons wastewater flow saved; 1,405 lbs solid waste not generated; 2,766 lbs net greenhouse gases prevented; 21,172,435 BTUs energy not consumed.

This brochure is printed in the U.S.A. on recycled paper.

2010

Follow your sense
of adventure.

Subaru drivers just seem to do more. Because they can. We support your passions by giving you the capability to go anywhere they may lead. But we also share these through our association with partners that get people involved and make a difference.

Official Vehicle of Dagger

All wheels. All roads.

All the time.

We believe in using all four wheels. That's why every Subaru comes with the confidence of Symmetrical All-Wheel Drive, standard. Giving you better traction and control to seize any road and any opportunity.

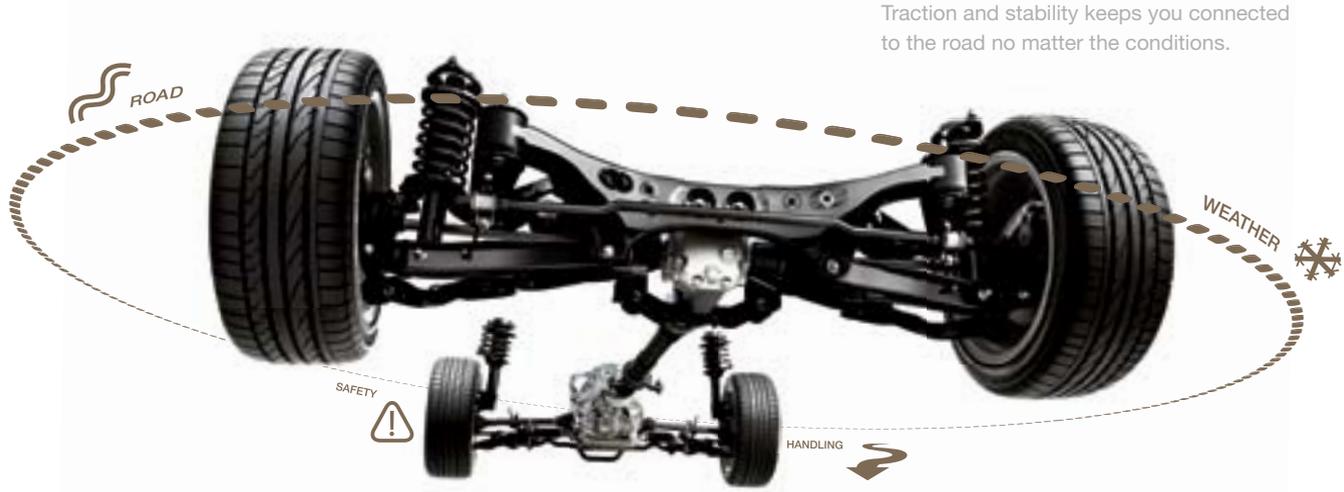

Full-time control for a full-time world.

Subaru Symmetrical All-Wheel Drive

With an almost-perfect symmetrical layout, our unique system offers better balance for stability and a more efficient flow of power to all four wheels for greater grip.

All-weather Conditions

Traction and stability keeps you connected to the road no matter the conditions.

Accident Avoidance

Being more responsive to the unexpected takes natural agility.

Spirited Handling

Dynamic steering and intuitive control comes from near-perfect balance.

We love meetings.

The love for a Subaru goes way beyond a wave to a fellow owner on the road. All over the world and all over the internet, loyal enthusiasts—united by their passion for life and for Subaru—gather for rallies, events and just talking about their favorite subject.

Serious.

Building a solid vehicle requires serious testing. And there has been no more punishing—and exciting—way to prove our performance than rally racing. From snowdrifts in Michigan to logging roads of New England, Subaru has taken on every condition imaginable. And won.

Fun.

The seemingly impossible is made possible when you have drivers like Travis Pastrana and Ken Block behind the wheel of a Subaru. When they want to drive just for the thrill of it, Subaru is the car they take on the road — or in the air — for some extreme performance at road racing or rally events like the X Games.

Kick up the dirt! Visit subaru.com/rally

An engine that runs on good ideas.

 more info at subaru.com/boxer-engine

Subaru Boxer Engine

The SUBARU BOXER® engine is remarkably different because it generates more than power. The pistons are laid flat in a horizontally opposed design, providing powerful, yet smooth acceleration. And better yet, a lower center of gravity for increased handling stability.

Protected from every angle.

Subaru Safety

We think about safety in 360 degrees. We start by engineering our vehicles with exceptional control and accident-avoidance technologies, then we build in protection technologies. All of these precautions have led to Subaru winning awards and distinctions year after year.

Greater Control

Protected on the Inside

Stopping Power

Protected from the Outside

Do what comes naturally.

 subaru.com/environment

While you are out there enjoying our beautiful Earth, know that Subaru is helping to protect it by supporting groups who care for the environment and making our vehicles in the most responsible way. In 1993, we adopted an Environmental Conservation Program with the goal of building cleaner vehicles and a cleaner company.

In 2004, Subaru of Indiana Automotive, Inc. (SIA) became the first manufacturing facility in the U.S. to reach zero landfill status and be designated a wildlife habitat. And every Subaru plant continues to use green suppliers, reduce manufacturing wastes and CO₂ emissions.

Subaru offers the most fuel-efficient line-up of All-Wheel Drive vehicles in America! With many of our models achieving Partial Zero Emissions Vehicle (PZEV)² status and U.S. EPA SmartWay^{®3} certification.

1 Based on 2009 model year EPA combined estimated fuel economy for AWD and 4WD. Subaru average EPA city estimate is 18.7 mpg and highway estimate is 25.0 mpg. Actual mileage may vary. 2 Available on 2010 Forester, Legacy and Outback models certified as Partial Zero Emission Vehicles (PZEV) that are sold and registered in California, Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode

Island and Vermont. PZEV emissions warranty applies to only certain states. See your dealer for complete information on emissions and new car limited warranties. 3 For all 2009 Forester, Legacy and Outback non-turbo 2.5i-liter models certified as PZEV that are sold and registered in California and certain other states. Visit www.epa.gov/greenvehicles for more information.

And counting.

The thing you'll notice about Subaru owners is how long they hang on to them. They even celebrate milestones like passing the 200,000 miles mark on the odometer. Or even 500,000. So it's no wonder that **94% of all Subaru vehicles built in the last ten years are still on the road today.**¹

¹ Based on R. L. Polk & Co. registration data in the U.S. 1998 to 2008.

Thought out and full of useful.

2010 Forester

You never know what the day is going to bring, but you know the Forester will be able to help you make the most of it. It's practical as ever and has an advanced degree in versatility. From thoughtful grocery bag hooks to the way the rear suspension is designed to maximize rear cargo space, the Forester is ingenious inside. Add to that the confidence of Subaru Symmetrical All-Wheel Drive and a history of award-winning safety, and you'll wonder how you ever survived without it.

- 170-hp or turbocharged 224-hp 4-cylinder SUBARU BOXER® engine
- PZEV emissions classification¹
- Subaru Symmetrical All-Wheel Drive (AWD)
- Panoramic moonroof¹
- Multifunction center console
- Reclining rear seats¹
- Retractable rear tray with dual cup holders¹
- Front, front-side and side-curtain airbags with rollover sensor²
- Touch-screen GPS navigation system¹

¹ Availability varies by trim level.

² Always wear seatbelts. Children should be properly restrained in the rear seat.

When choosing what to drive,
make sure it drives you.

2010 Legacy

The all-new Legacy really is different, for all the right reasons. You feel the difference behind the wheel. In the turns. Even your passengers feel it in the extra room in the rear seats. From the smart engineering and dynamic performance to the strength and presence evident in the exterior design, the Legacy gives you a greater sense of control, connectedness and exhilaration. It is intelligence that you can see and feel.

- 170-hp to 265-hp 4-cylinder and 6-cylinder SUBARU BOXER® engines
- 31 highway mpg and PZEV emissions classification¹
- Subaru Symmetrical All-Wheel Drive (AWD)
- Lineartronic™ CVT with manual mode and paddle shifters²
- Double-wishbone rear suspension
- Quick-ratio power steering
- Touch-screen GPS navigation system with voice-activated control and rear vision camera²
- Bluetooth® wireless phone and streaming audio capability²
- 440-watt harman/kardon® premium audio system²
- Auxiliary audio USB/iPod® port²

¹ 2.5i models with CVT transmission only. Actual mileage may vary.

² Availability varies by trim level.

Discovery
is not just a channel.

2010 Outback

Whether it's an open stretch of road or one of your favorite open spaces, it's more enjoyable in an Outback. With more headroom and legroom, plenty of cargo space and integrated roof rails with retractable cross bars, it has the versatility to take on any adventure. And the Symmetrical All-Wheel Drive and rugged suspension give it car-like handling and the capability to embrace almost any road, even the rough ones. So grab your gear, gather some fellow adventurers, and go collect some stories.

- 170-hp 4-cylinder or 256-hp 6-cylinder SUBARU BOXER® engine
- 29 highway mpg and PZEV emissions classification¹
- Subaru Symmetrical All-Wheel Drive (AWD)
- Lineartronic™ CVT with manual mode and paddle shifters²
- Raised suspension with 8.7" of ground clearance
- Roof rails with retractable cross bars
- Underfloor cargo-area storage
- Dual-zone climate control
- 10-way power driver's seat
- 8 cup holders
- Touch-screen GPS navigation system with voice-activated control and rear vision camera²
- Bluetooth® wireless phone and streaming audio capability²

more info at subaru.com/vehicles/outback or your local dealer.

¹ 2.5i models with CVT transmission only. Actual mileage may vary.

² Availability varies by trim level.

Don't just live a little. Live a lot.

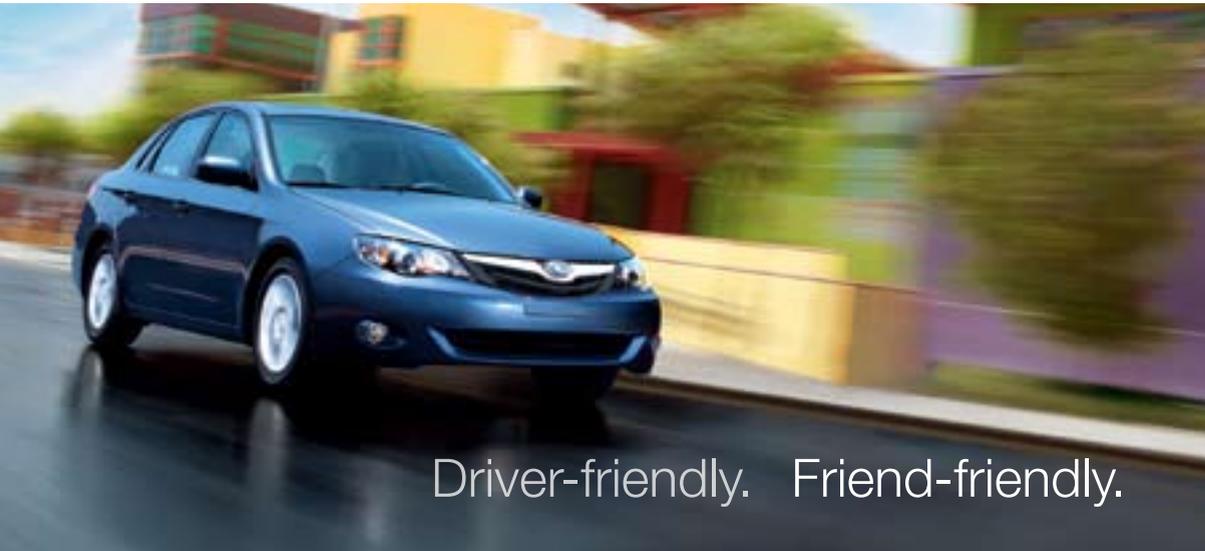

2010 Tribeca

Experiences are better when they are shared and Tribeca gives you the space and versatility to do so. Always accommodating, the Tribeca gives you three rows of seating, endless configurations and room for seven passengers. No matter the journey, the Subaru Symmetrical All-Wheel Drive means you have the capability to go just about anywhere and the reassuring safety features to help you arrive safely.

- 256-hp 6-cylinder SUBARU BOXER® engine
- Subaru Symmetrical All-Wheel Drive (AWD)
- 5-speed SPORTSHIFT® automatic transmission
- Performance-tuned independent raised suspension
- 385-watt harman/kardon® premium audio system¹
- Bluetooth® wireless capability¹
- 40/20/40-split flat-folding reclining/sliding second-row seats
- 50/50-split flat-folding third-row seats
- Touch-screen GPS navigation system with rear vision camera¹
- Rear-seat DVD entertainment system¹
- 10 cup holders

¹ Availability varies by trim level.

Driver-friendly. Friend-friendly.

2010 Impreza

No matter what comes up, you're ready. Whether it's a spontaneous road trip or you're helping a friend move, you can volunteer because the Impreza has the flexibility and capability to adapt. Your friends will appreciate the roominess and you'll love the performance of the Subaru Symmetrical All-Wheel Drive and SUBARU BOXER® engine. And if you're looking for even more utility, the Outback Sport® comes with a roof carrier and raised suspension. Everything about the Impreza works smarter so you can play harder.

- 170-hp or turbocharged 224-hp 4-cylinder SUBARU BOXER® engine
- Subaru Symmetrical All-Wheel Drive (AWD)
- 4- or 5-door body style
- 10-speaker audio system with satellite radio capability¹
- Touch-screen GPS navigation system¹
- Auxiliary inputs for portable multimedia devices¹
- Front, front-side and side-curtain airbags²
- Available Impreza Outback Sport

¹ Availability varies by trim level.

² Always wear seatbelts. Children should be properly restrained in the rear seat.

Of course there's a following.

2010 Impreza WRX

Feel the rush of 265 horsepower in your control. The WRX uses all it's learned through rally racing and gives you better agility and handling with its track-tuned suspension and increased quickness and adaptability.

- Turbocharged 265-hp 4-cylinder SUBARU BOXER® engine
- Subaru Symmetrical All-Wheel Drive (AWD)
- Track-tuned suspension
- Sport-design gauges with center-mounted tachometer

Nobody can catch up.

2010 Impreza WRX STI

The STI got its reputation by dominating in rally competitions all over the world. This untamed sibling of the WRX boasts 305 horsepower and the most sophisticated, high-performance AWD system that can be tailored by the driver.

- Turbocharged 305-hp 4-cylinder SUBARU BOXER® engine
- Driver Controlled Center Differential (DCCD) All-Wheel Drive
- High-performance track-tuned suspension
- Brembo® performance brake system

This is how we show our love.

Owners love their Subaru. And the feeling is mutual. We take care of our owners by offering them the reassurance of protective coverage and through special benefits only for Subaru owners. Our comprehensive warranties, Roadside Assistance Program and the overall reliability of a Subaru give owners even more confidence behind the wheel.

- 3 years/36,000 miles New Car Limited Warranty**
- 5 years/60,000 miles Powertrain Limited Warranty**
- 3 years/36,000 miles Wear Item Limited Warranty**
- 5 years/unlimited miles Rust Perforation Limited Warranty**
- 3 years/36,000 miles Subaru Roadside Assistance Program**
- Subaru Added Security®**
- Insurance Privileges for Subaru Owners**
