Cadillac

CTS

ATHLETES ARE BUILT
ONE GRAM AT A TIME.

No detail overlooked. From its signature LED lighting to its ingenious, lightweight aluminum doors to its remarkably powerful engines, every gram of material in the CTS had to justify its existence. Created in turn is a beautifully crafted vehicle that stands out among the world's finest on the road.

CTS Premium Collection / Crystal White Tricoat

CTS GOT DOWN TO
FIGHTING WEIGHT.

Less is more powerful. As the lightest Rear-Wheel-Drive car in its class, CTS is 240 pounds lighter than the previous-generation CTS. To validate its credentials, we pushed CTS to its limit on Germany's famed Nürburgring track. Then we brought it back home to fine-tune its dynamic ride. The outcome of such a tough regimen? Impressive acceleration, precise handling and brake feel worthy of a title.

CTS Performance Collection / Phantom Gray Metallic

PERFORMANCE ART.

Engineers achieved near-perfect 50/50 front-to-rear weight distribution through the innovative use of aluminum in the front shock towers and front suspension. Likewise, aluminum alloy door structures save approximately 33% in weight versus steel door structures. And it all comes together to provide enhanced drive dynamics, handling and quietness.

CTS V Sport Premium Collection / Radiant Silver Metallic

It's no coincidence that the **BREMBO® FRONT BRAKES** on CTS were inspired by those found on some of the world's most sophisticated race cars. Available **MAGNETIC RIDE CONTROL** adjusts to the road up to 1,000 times per second, maintaining precise body control and chassis composure. Available **ALL-WHEEL DRIVE** with active-torque

technology delivers impeccable control in less-than-perfect road conditions. The highly acclaimed, electric-assist speed-sensitive **ZF PREMIUM STEERING SYSTEM** helps save fuel¹ and delivers precise feel. **DRIVER SELECTABLE MODES** let you change the steering and transmission calibrations depending on road conditions or how aggressively you want to drive. These elements work together seamlessly, allowing CTS to deliver performance worthy of applause.

1. 2.0L Turbo EPA-estimated 20 MPG city/30 highway RWD, 19 city/28 highway AWD; 3.6L EPA-estimated 18 MPG city/29 highway RWD, 18 city/26 highway AWD; 3.6L Twin Turbo V6 EPA-estimated 16 MPG city/24 highway.

CTS VSPORT: 0 TO 60 IN 4.4
SPINE-TINGLING SECONDS.

Turbo on demand. At the heart of the CTS Vsport is a direct-injection Twin Turbo V6 that puts out a staggering 420 hp and 430 lb.-ft. of torque. Powerful Brembo® front brakes include massive 13.6" front rotors and available high-performance brake linings, while the electronic Limited-Slip Differential (eLSD) provides enhanced stability and maximum traction through corners. And with the precision of ZF premium steering, Magnetic Ride Control with exclusive Track mode and Pirelli summer-only run-flat tires¹ you've got performance that never quits.

CTS Vsport Premium Collection / Phantom Gray Metallic

POWER
PLAYERS.

The highly efficient **2.0L TURBO 4-CYLINDER ENGINE**, named one of Ward's 10 Best Engines in 2013, delivers 272 hp and up to 30 MPG highway.¹ Looking to take it to another level? The available **3.6L V6 ENGINE** is your answer, with impressive performance, smoothness and 321 hp. And for the ultimate in power, **CTS VSPORT** comes equipped with a **TWIN TURBO V6** – the most powerful engine of its type ever offered by Cadillac. It delivers a pulse-racing 420 hp and 430 lb.-ft. of torque. An **8-SPEED AUTOMATIC TRANSMISSION**² provides a wider gear ratio spread to improve acceleration and fuel economy!

IF LOOKS COULD
THRILL.

All the riveting performance of CTS is wrapped in something equally impressive. A long, low, lean design philosophy manifests itself in dramatic angles and sleek aerodynamics that keep CTS firmly planted. From the sculptural inlaid hood to the LEDs that light the way brilliantly, every refined detail adds up to a look that is completely unmistakable.

CTS Premium Collection / Radiant Silver Metallic

AT FIRST
LIGHT.

CTS is instantly recognizable on the road, and much of the credit for that belongs to its brilliant and beautiful LED light design. Crystalline LED light guides are integrated into the front corners to provide smooth white illumination, while the decklid spoiler doubles as an LED center brake lamp. Also available are HID headlamps equipped with Adaptive Forward Lighting, directing the headlamps to cast light precisely on your path of travel.

A HIGHLY COVETED
VANTAGE POINT.

An interior brilliantly designed to revolve harmoniously around you. With eight unique interior environments and convenient storage compartments in reach, there's no better place from which to see the road ahead than the driver's seat of a CTS.

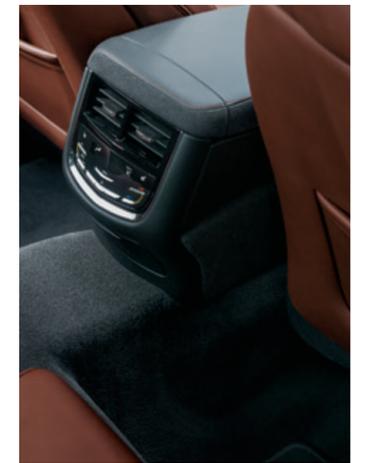

YOUR WISH IS
ITS COMMAND.

Choosing the Premium Collection model opens the door to a plethora of features. **20-WAY ADJUSTABLE SEATS** provide power-adjustable seatback bolsters and manual thigh support to help keep the driver and front passenger in total comfort. **RICH LEATHER SEATING** surfaces, heated and ventilated front seats, and heated rear outboard seats ensure the driver and passengers are comfortable during any season. **TRI-ZONE CLIMATE CONTROL** allows all passengers the ability to set the surrounding temperature. With the **HEATED STEERING WHEEL**, cold-weather relief is at hand. Enhanced **AMBIENT LIGHTING** subtly highlights the dash and door trim. When you need a cupholder, it appears with the touch of a button. When you don't, the **ELECTRONIC CUPHOLDER COVER** elegantly conceals it. The **ULTRAVIEW SUNROOF** spans both front and rear seats and gives the CTS an even more spacious feel.

Authentic materials, including the choice of exotic woods, aluminum or carbon fiber, heighten the first-class experience. Even the exceptional available leather seating surfaces are skillfully joined using cut-and-sewn craftsmanship.

CTS Sport Premium Collection / Kona Brown

INTELLIGENCE IS
BLISS.

Access entertainment and information effortlessly with the Cadillac CUE¹ infotainment system with available navigation. Natural Voice Recognition adds yet another level of brilliance. Combine this with the available full-color reconfigurable Head-Up Display, and you've discovered a technological work of art.

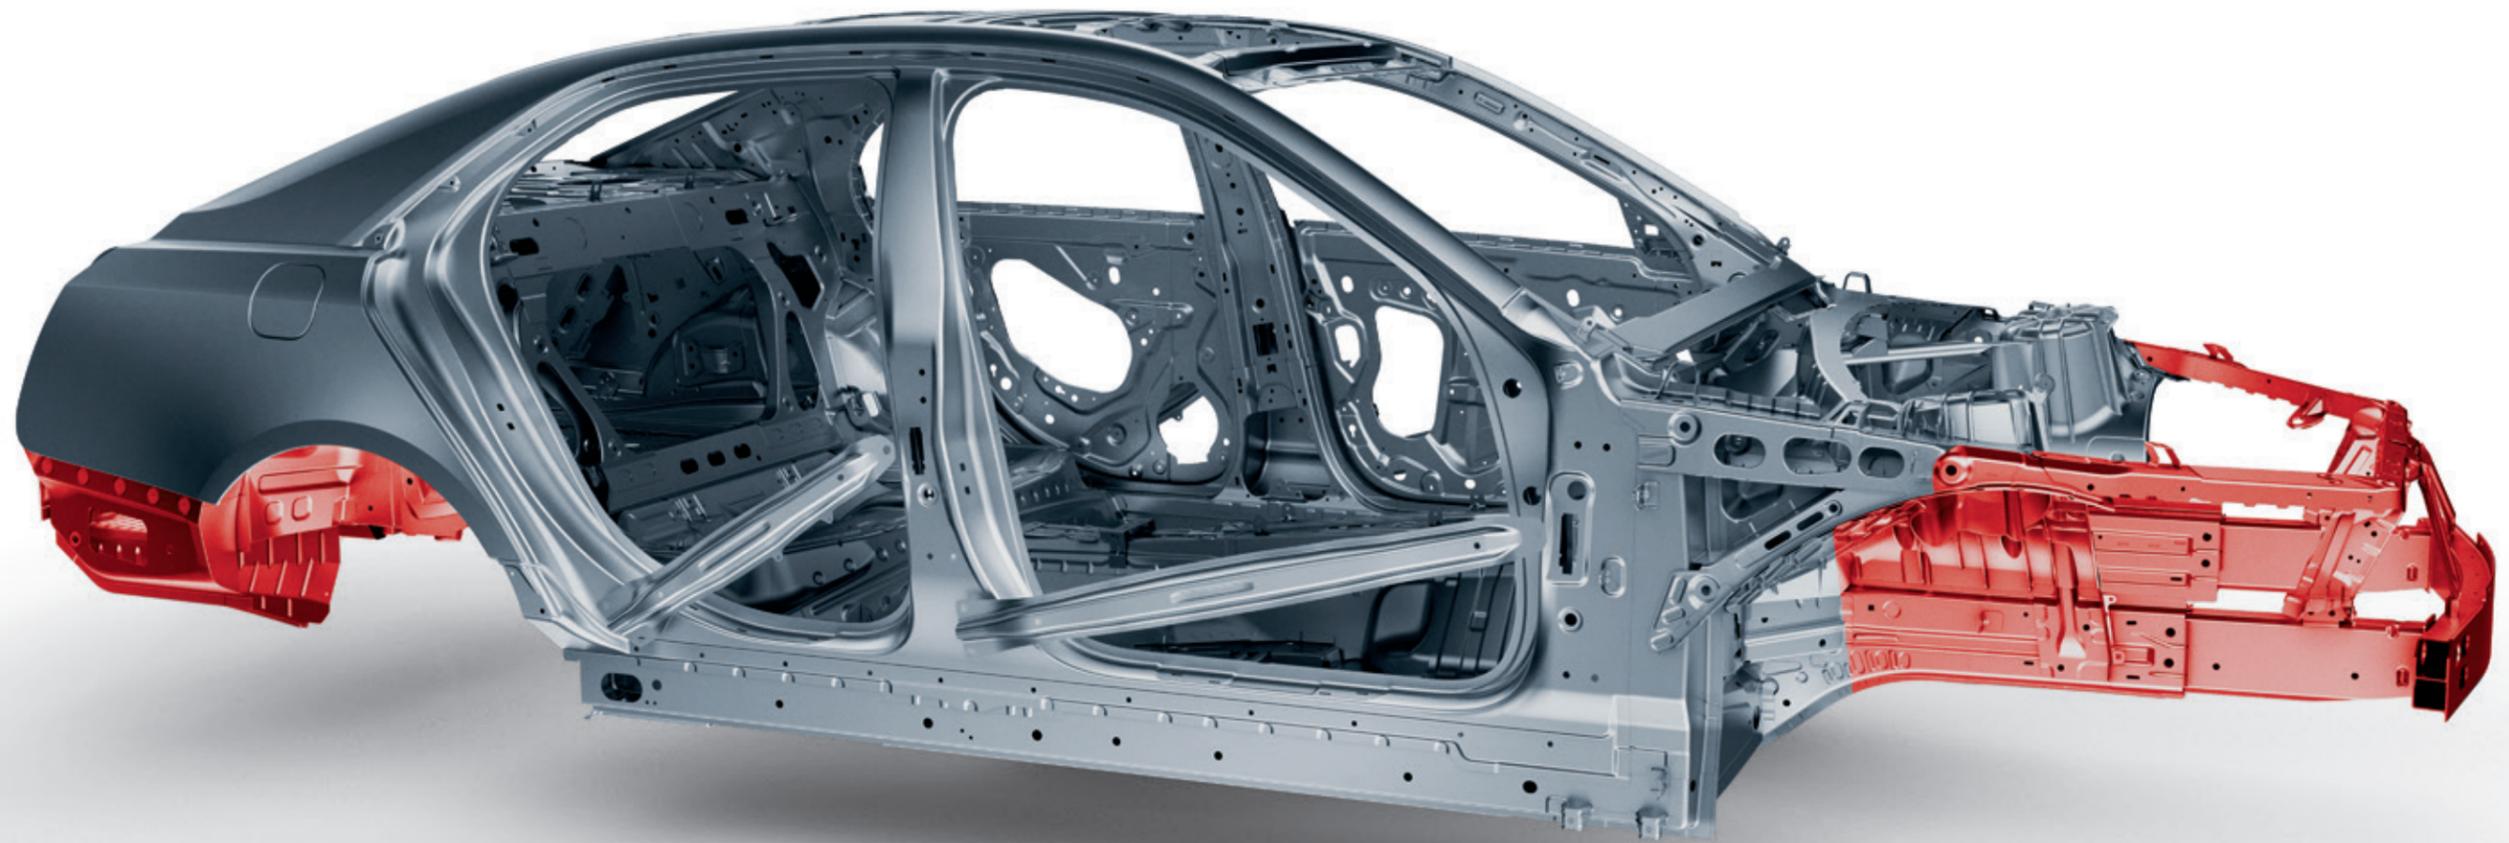

The available **REAR VISION CAMERA** with backup lines guides your path and lets you see behind the vehicle, while the integrated **REAR PARK ASSIST** sounds an audible warning chime when an object is detected in your path. A visual warning also appears on the CUE screen as an added alert. Customize the available full-color instrument panel with **RECONFIGURABLE GAUGES** that offer four driver-selectable display modes. **WIRELESS CHARGING**² lets you leave the cords behind when you charge your compatible mobile phone or handheld device. **KEYLESS ACCESS** recognizes your key fob and automatically locks or unlocks the doors when you are coming or going. **ADAPTIVE REMOTE START** allows the engine to be started from up to 100 yards away and, depending on the outside temperature, activates the available heated and ventilated front seats. Available **ONSTAR WITH 4G LTE** and built-in Wi-Fi[®] hotspot³ provides a fast, reliable connection. Passengers can connect up to seven mobile devices, allowing them to browse the

web, update their status and even stream videos right from the vehicle. The **BOSE[®] AUDIO SYSTEM** provides a concert-like listening experience, while **BOSE ACTIVE NOISE CANCELLATION** reduces unwanted powertrain noise and provides a quieter in-cabin experience.

A BEAUTIFULLY SCULPTED
BODYGUARD.

Constructed using ultra-high-strength steel, the CTS body incorporates crumple zones to help absorb and manage crash energy. And with 10 standard airbags,¹ including knee airbags for driver and front passenger and side-impact airbags for outboard rear passengers, CTS works to keep you protected at every turn.

The available **DRIVER AWARENESS PACKAGE** includes a patented **SAFETY ALERT SEAT** that sends pulses through the seat cushion on the left or right or simultaneously, alerting you to a variety of potential hazards. **FORWARD COLLISION ALERT** uses a forward-facing front camera to detect and warn you when a front-end impact may be imminent. **LANE KEEP ASSIST** may gently turn the steering wheel if the vehicle approaches a detected lane marking without using a turn signal in that direction and may also provide a **LANE DEPARTURE WARNING** system alert if a lane marking is crossed without using a turn signal. **SIDE BLIND ZONE ALERT** alerts you with a side-mirror warning icon if a vehicle is in your blind spot before you merge or make a lane change. **LANE CHANGE ALERT** surveys the areas well beyond the side blind zones and flashes the side-mirror warning icon to alert you of rapidly approaching vehicles. **REAR CROSS-TRAFFIC ALERT** uses sensors to sweep the left and right areas to the sides of CTS when you back out of parking spots and alerts you to approaching vehicles. The Driver Awareness Package also includes a rear vision camera, Rainsense wipers and IntelliBeam headlamps.

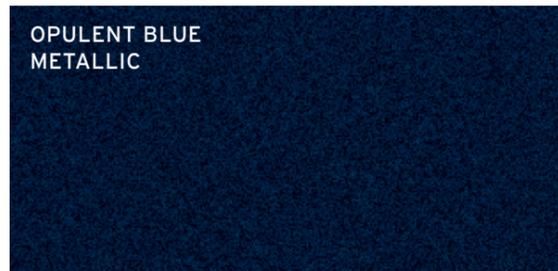

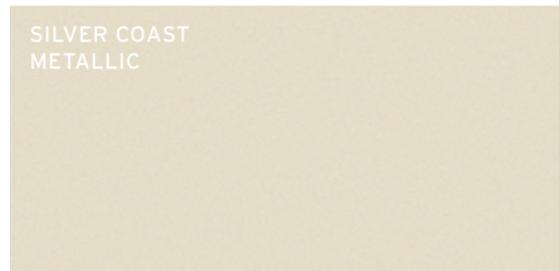

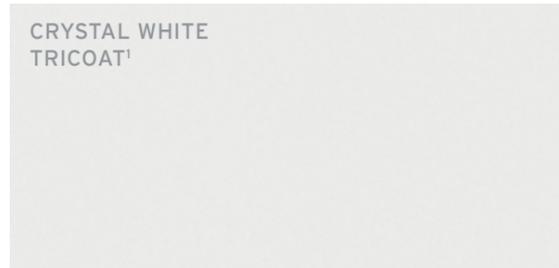

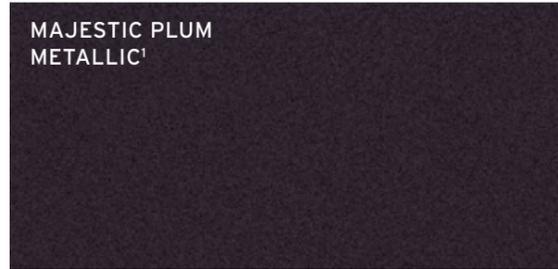

The **DRIVER ASSIST PACKAGE**, standard on the Premium Collection and available on the Performance Collection, features **ADAPTIVE CRUISE CONTROL**, which uses

forward-looking radar and camera technology to conveniently maintain a driver-selected following distance from the vehicle ahead, even in stop-and-go traffic. **FRONT AND REAR AUTOMATIC BRAKING** detects when a frontal or backing collision is imminent and automatically applies braking to lessen impact severity or perhaps helps the driver avoid certain low speed impacts altogether. Included on the front seats is **AUTOMATIC SAFETY BELT TIGHTENING** to help keep your belt precisely where it needs to be.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times.

EXTERIOR COLORS

TINTCOAT | A premium two-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

TRICOAT | A meticulous three-layer process that results in a dramatic hue-shifting color.

1. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to <http://www.cadillac.com/owners/accessories.html> or see your dealer. 2. Low-profile tires wear faster, and wheel and tire damage may occur on rough or damaged roads from surfaces or curbs, debris or obstacles. This damage is not covered by the GM New Vehicle Limited Warranty.

Cadillac

OWNER BENEFITS

We have created the most comprehensive suite of owner benefits offered by any luxury automotive brand in the world, providing everything our Cadillac owners need and everything they deserve.

PREMIUM CARE MAINTENANCE

The Cadillac Premium Care Maintenance program¹ covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 50,000 miles.²

WARRANTY PROTECTION

The Cadillac 6-year or 70,000-mile³ Powertrain Warranty offers more years and miles standard than BMW, Mercedes-Benz and Audi. In addition, our 4-year or 50,000-mile³ Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor, to correct any concerns in materials or workmanship.

COURTESY TRANSPORTATION

This program provides alternative transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 70,000 miles.⁴ That is more years of service standard than any leading luxury automaker.

ROADSIDE ASSISTANCE

Cadillac offers more years of standard Roadside Assistance than any leading luxury automaker, with services for 6 years or 70,000 miles.⁴ This 24/7 program provides lockout, towing, refueling, Dealer Technician Roadside services and more.

The OnStar^{®5} Directions & Connections[®] Plan allows you to push one button to connect with a specially trained Advisor to find the things and places you need. Get directions or a diagnostics check while you drive. Make calls with both hands on the wheel, and control your vehicle with the OnStar RemoteLink[®] mobile app.⁶ And, as always, get help immediately in a crash or an emergency. CTS comes standard with one year of the OnStar Directions & Connections Plan.

EMERGENCY BY ONSTAR

With Automatic Crash Response⁷ in a crash, built-in sensors can automatically alert a specially trained OnStar Advisor who is immediately connected into your Cadillac to see if you need help sent to your exact location. Other OnStar emergency services include Injury Severity Prediction and First Assist, which ensure you quickly get the help you need when seconds matter most.

SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote signal to activate Stolen Vehicle Slowdown,⁸ which can gradually slow the vehicle to a stop to aid in its recovery. Advisors can also enable a Remote Ignition Block⁹ making it impossible to restart a stolen vehicle once it has been turned off.

NAVIGATION BY ONSTAR

Just push the blue OnStar button, and an Advisor can download turn-by-turn directions⁵ to your Cadillac. A voice will then call out every turn, or the directions will be sent to your navigation system, if equipped. You can also plan routes using MapQuest.com[®] and send them to your Cadillac.

CONNECTIONS BY ONSTAR

Available OnStar Hands-Free Calling⁹ allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink mobile app, you can access real-time information and control your vehicle from anywhere you have cell phone service. With a few simple steps, you can find a destination using the RemoteLink app and send directions right to your vehicle.

Available OnStar with 4G LTE and built-in Wi-Fi[®] hotspot¹⁰ can help you stay better connected to the world around you. The content and connections you crave throughout your day have moved inside your Cadillac, with a hotspot capable of supporting up to seven mobile devices at once, along with a high-speed, highly reliable 4G LTE connection – making it an easy way to access data on the go. You'll also see an enhancement to current OnStar services, including shorter response times and faster service delivery. This is the most powerful OnStar ever, empowering you and your passengers to create a highly connected world inside your car.

DIAGNOSTICS BY ONSTAR

With the most comprehensive vehicle diagnostics¹¹ from OnStar, maintaining your Cadillac can be as simple as checking your email or your OnStar RemoteLink mobile app. Every month, you can receive an email with the status of key operating systems, or push your blue OnStar button for a real-time diagnostics check on demand.¹¹

MYCADILLAC APP¹²

The ingenuity of the CTS doesn't stop with the vehicle. As a Cadillac owner, an advanced app is available for your new car. From virtually anywhere at any time, a few taps of your finger on your iPhone[®] or Android[™] smartphone let you access features such as parking reminders, Roadside Assistance and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability to remotely start your vehicle (when factory-equipped with remote start) and lock and unlock your doors from any place you have cell service. In addition, you can access key diagnostic information, including fuel tank level and range and remaining oil life.

1. Standard on all 2011 and newer vehicles. 2. Whichever comes first. See dealer for select scheduled maintenance details. 3. Whichever comes first. See dealer for limited warranty details. 4. Whichever comes first. 5. Visit onstar.com for coverage map, details and system limitations. Services vary by conditions. 6. Available on select Apple[®] Android[™] BlackBerry[®] and Windows[®] devices. Services vary by device and conditions. Requires active OnStar subscription. 7. Visit onstar.com for details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. 8. Service varies with conditions. 9. Requires an existing OnStar service contract and prepaid minutes. Visit onstar.com for coverage map, details and system limitations. 10. Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Visit onstar.com for details and system limitations. 11. Capabilities vary by model. Visit onstar.com for details and system limitations. 12. Requires iPhone[®] or Android[™] mobile device.

1. Vehicles equipped with these linings will experience faster accumulation of brake dust on wheel surfaces and may produce more noise than with standard linings. 2. Not compatible with all devices. 3. Requires a subscription, sold separately by SiriusXM after the trial period. SiriusXM Satellite Radio service only available in the 48 contiguous United States and the District of Columbia. For more information and to view Customer Agreement, visit siriusxm.com. 4. Go to www.gmtotalconnect.com to find out which phones are compatible with the vehicle. 5. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. 6. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. 7. Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Visit onstar.com for details and system limitations. 8. The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or other device compatibility, see www.gmtotalconnect.com. 9. Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with airbags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 10. Before making a lane change, always check the Side Blind Zone Alert display and the side and inner mirrors, look over your shoulder for vehicles and hazards, and activate the turn signal. 11. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. 12. Visit onstar.com for vehicle availability, details and system limitations. Services and connectivity may vary by model and conditions. 4G LTE service available in select markets. Some services require data plan.

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (September 2014), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ONSTAR® OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy, and details and system limitations.

ENGINES Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

ASSEMBLY Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY World-class coverage comes standard on every 2015 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST) Powertrain Limited Warranty with no deductible, Roadside Assistance Program¹ and Courtesy Transportation Program!

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST) Bumper-to-Bumper coverage; tires – defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

RUST-THROUGH COVERAGE Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion – resulting from stone chips or scratches in the paint, for example – is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

1. Roadside Assistance Program and Courtesy Transportation Program are not part of the New-Vehicle Limited Warranty. A separate booklet titled "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.
