

# BLAZER

## Chevy Blazer

# REAL STRONG. REAL COOL.

Whether you're into conquering rugged terrain or cruising the local hot spot, Chevy Blazer has a model to fit your lifestyle. For 2003, Blazer is offered in LS 2- and 4-Door models, the 2-Door Xtreme (2WD) and the 2-Door ZR2 4x4. No matter which Blazer you pick, it's reassuring to know every Blazer is built on a foundation of security and toughness. After all, Blazer is from the family of Chevy Trucks — still the most dependable, longest-lasting trucks on the road.\*

\*Dependability based on longevity, 1981–July 2001 full-line light-duty truck company registrations. Excludes other GM divisions.

### Blazer ZR2 Select Features

Take on rough terrain with:

- 31-inch x 10.5-inch R-15 on-/off-road tires.
- Underbody shields.
- Strengthened rear axle assembly.
- 46mm Bilstein shock absorbers.
- 35mm diameter front stabilizer bar.
- Rear suspension-enhanced multileaf springs.

02 | Blazer ZR2 shown in Yellow (extra-cost option) with available GM Accessories.

### Blazer Xtreme Select Features

Set your attitude on cruise control with:

- Z87 Sport Suspension Package.
- Deep-dish, five-spoke, 16-inch aluminum wheels.
- P235/60R-16 Goodyear Eagle LS low-profile tires.
- Lower-body front fascia with foglamps.
- Body-color lower body cladding with wheel flares.
- Body-color grille and bumpers.
- New available Xtreme Heat Appearance Package.
- Or you can choose from one of the available Stripe or Accent Appearance Packages.

Visit [chevy.com](http://chevy.com) for more information about Chevy Blazer ZR2, Xtreme and other Blazer models.

BLAZER  LIKE A ROCK

Blazer Xtreme shown in Indigo Blue Metallic. | 03

## Blazer Features

# YOUR COMFORT ZONE.

Blazer LS 2-Door interior shown in the new Medium Gray.

### XTREME ACCENT APPEARANCE PACKAGE ►

Give your Xtreme some extra attitude with the available Accent Appearance Package. Included are hood and tailgate stripes, badging and wheel accents, all in gold. Or you can choose the Xtreme Heat Appearance or the Stripe Appearance Packages. Visit [chevy.com](http://chevy.com) for more details and to view all of the Appearance Packages.

### ◀ 2-DOOR INTERIOR

Blazer 2-Door models feature front bucket seats with center floor console and up to 60.6 cu. ft. of cargo space with the rear seats folded flat.

### AUTOTRAC 4x4 SYSTEM ►

When AUTO 4WD is engaged (2-Door 4x4 models only), Autotrac automatically transfers power between the front and rear wheels, based on road conditions. Or select from full-time 2WD, 4WD HI or 4WD LO modes.

### ◀ INTERIOR VERSATILITY

Whether you're carrying gear, friends or a combination of both, Blazer offers the interior versatility you need. Fold down one or both portions of the Blazer 4-Door 60/40 split-folding rear seat for maximum cargo-carrying flexibility. Folding both rear seatbacks flat allows access to up to 67.8 cu. ft. of cargo space. Blazer 2-Door models feature a 50/50 split-folding rear seat and stowage boxes in the rear seat area.

### INSTRUMENT PANEL ►

The Blazer LS instrument panel (2-Door shown) includes a full set of gauges, auxiliary power outlets and all of the major controls within easy reach. And if you're into music, you'll appreciate Blazer's standard premium sound system with CD player and Radio Data System (RDS) technology. Log on to [chevy.com](http://chevy.com) to learn more about RDS and check out Blazer's available sound systems.

LS instrument panel shown in Graphite. | 05

Chevy Blazer is equipped to help you get to your destination in comfort and in style. Features standard to every Blazer include:

- Premium AM/FM stereo with CD player, six premium speakers and RDS (available where stations broadcast RDS information).
- New Deluxe Cloth front reclining bucket seats and rear 50/50 split-bench seat (2-Door).
- New Deluxe Cloth front and rear 60/40 reclining split-bench seats (4-Door).
- Floor-mounted center convenience console with dual cup holders and CD storage.
- Rear compartment cargo tie-downs.
- PASSlock theft-deterrent system.
- Four-wheel antilock brakes.
- Five-spoke aluminum wheels.

## Engines and Trailering

# THE POWER OF VORTEC.

There's nothing like Vortec power, and that's exactly

what's under the hood of Chevy Blazer. The standard

Vortec 4300 V6 engine provides the muscle needed

for a Blazer LS 2WD to tow up to 5,700 lbs. (see chart).

Key features of Blazer's Vortec powertrain include:

- 190 horsepower @ 4400 rpm.
- 250 lb.-ft. of torque @ 2800 rpm.
- Platinum-tip spark plugs that can travel up to 100,000 miles before the first scheduled replacement.\*
- Five-speed manual overdrive transmission standard on 2-Door models.
- Hydra-Matic electronically controlled four-speed automatic overdrive transmission is standard on 4-Door and optional on 2-Door models.

Combined with features like the available Z82 Heavy-

Duty Trailering Special Equipment Package, Blazer has

the strength to haul your gear ... and then some.

\*Maintenance needs vary with different uses and driving conditions. See the Owner's Manual for more information.

| BLAZER TRAILERING DATA                                                                                                                                                                                                                                                                         |               |                                         |            |                  |                                         |                  |

|                                                                                                                                                                                                                                                                                                | 2-Door Xtreme | 2000                                    | 3.42       | 6500             | 2000                                    | 6500             |
|                                                                                                                                                                                                                                                                                                | 4-Door        | 5500                                    | 3.42       | 9500             |                                         |                  |
| 4x4                                                                                                                                                                                                                                                                                            | 2-Door        | 5400                                    | 3.42       | 9500             | 3900                                    | 8000             |
|                                                                                                                                                                                                                                                                                                |               | 5400                                    | 3.73       | 9500             |                                         |                  |
|                                                                                                                                                                                                                                                                                                | 2-Door ZR2    | 4700                                    | 3.73       | 9000             | 4200                                    | 8500             |
|                                                                                                                                                                                                                                                                                                |               | 4-Door                                  | 5000       | 3.42             |                                         |                  |
|                                                                                                                                                                                                                                                                                                |               | 5000                                    | 3.73       | 9500             |                                         |                  |

<sup>1</sup> Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevrolet dealer for additional details.

**NOTE:** Trailer tongue weight should be 10 to 15 percent of total loaded trailer weight (up to 750 lbs.). Addition of trailer tongue weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver-side front door or door frame. • Base cooling system includes all content required to attain maximum trailer rating. No optional cooling equipment available. • Z82 Heavy-Duty Trailering Special Equipment Package includes weight-distributing hitch platform.

#### USING GROSS COMBINATION WEIGHT RATINGS (GCWR<sup>s</sup>) TO DETERMINE ENGINE, TRANSMISSION AND REAR AXLE RATIOS:

You can use your desired GCWR calculation to determine the powertrain you will require to tow a specific trailer with your Blazer. The last column to the right in the chart above shows the maximum allowable GCWR based on all available Blazer engine, transmission and rear axle combinations. The GCWR includes the total loaded weight of both Blazer and the trailer.

#### TRAILERING BASICS

Towing a trailer involves all major vehicle systems of your Chevy Truck, including powertrain, steering, suspension and brake systems. Easy and safe trailering requires a properly equipped vehicle, additional trailering equipment and an appropriate trailer. It also requires loading both the vehicle and trailer properly, using safe driving techniques, meeting regional legal requirements and following break-in and maintenance schedules. You are responsible for being sure you have the appropriate equipment and hitch for your specific trailering situation. If you plan to tow a trailer, consult your Owner's Manual and speak to a trailering expert at your Chevrolet dealership or visit our web site at [chevy.com](http://chevy.com).

The chart to the left will assist in determining how to best equip your Chevy Truck for trailering. To help you understand the chart, consider these trailering factors:

**Torque:** Indicates the strength of the engine. Low-end torque reflects how much force is generated to get your vehicle moving.

**Horsepower:** Indicates how much work the engine does at a certain engine speed. At mid- to high-engine rpm, it's what keeps you moving at highway speeds.

**Axle Ratio:** Along with your vehicle's transmission gears, a higher rear axle ratio contributes to how much available torque and horsepower (mechanical leverage) can be applied to the drive wheels for launch and uphill performance. Higher rear axle ratios, however, sacrifice fuel economy when not trailering.

**Ball Hitch Trailering:** There are two types of ball hitches. A weight-carrying hitch consists of a ball and coupler with no means to distribute the hitch weight. It is used primarily for lightweight trailers. Heavier trailers, however, require a weight-distributing hitch which uses spring bars to transfer some of the hitch weight forward onto the tow vehicle's front axle and rearward onto the trailer's axle(s).

**RGAWR and GVWR:** The addition of trailer hitch weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver door or door frame.

**GCWR:** The Gross Combination Weight Rating (GCWR) is the total allowable weight of the completely loaded vehicle and trailer including any passengers, cargo, equipment and conversion. A properly equipped tow vehicle and trailer at the maximum GCWR should be able to accelerate and merge with traffic, climb typical interstate grades at highway speeds, handle the combination on most road surfaces, and stop adequately within a reasonable distance. The GCWR for your vehicle should not be exceeded.

#### TRAILERING CAUTIONS

**NOTE:** Please read the following trailering cautions/safety information before trailering with your new vehicle.

**NOTE:** The safety steps described here are by no means the only precautions to be taken when trailering. See the Owner's Manual for the Chevy Truck of your choice for additional guidelines and trailering tips.

■ If you don't use the correct equipment and drive properly, you can lose control of your vehicle when you pull a trailer. For example, if the trailer is too heavy, your vehicle brakes may be less effective. You and your passengers could be seriously injured. Pull a trailer only after taking the following steps:

#### TRAILER BRAKES

If your trailer weighs more than 1,000 lbs. loaded, then it must have its own adequate brakes. Be sure to read and follow the instructions for the trailer brake controller so that it is installed, adjusted and maintained properly.

■ Don't tap into your vehicle's brake system if the trailer's brake system will use more than 0.02 cu. in. of fluid from your vehicle's master cylinder. If it does, neither braking system will work well. You could even lose your vehicle's brakes.

■ The trailer brake parts must be able to take 3,000 psi of pressure. If not, the trailer brake system must not be used with your vehicle. If everything checks out thus far, have a qualified individual make the brake fluid tap at the port on the master cylinder that sends fluid to the rear brakes. Don't use copper tubing because it will bend and ultimately break. Use only double-walled steel brake tubing.

#### HITCHES

It's important to have the correct hitch equipment. Crosswinds, large trucks going by and rough roads are just a few of the reasons why you'll need the right hitch. Here are some rules to follow:

■ If you'll be towing a trailer that, when loaded, will weigh more than 3,500 lbs., be sure to use a frame-mounted, weight-distributing hitch and sway control of the proper size. The equipment is very important for proper vehicle loading and good handling when you're driving.

■ If you have to make any holes in the body of your vehicle to install a trailer hitch, be sure to seal the holes if you ever remove the hitch. If they're not sealed, dirt, water and deadly carbon monoxide from the exhaust can get into your vehicle.

## Engineering

# BUILT FOR STRENGTH.

Tough features are what give Blazer its Chevy Truck

capability. Some of these features you can see, but the

toughest features, under the surface, make up Blazer's

solid foundation. These features include:

- Steel ladder-type frame that's boxed for much of its length to help keep the body from twisting.
- Aluminized stainless-steel exhaust system (rear of the converter) designed to provide long-lasting durability.
- Advanced suspension components to help provide a balance between ride quality and performance.
- Four-wheel antilock brakes to help drivers maintain steering control by reducing wheel lockup while braking on most slippery surfaces.
- Corrosion-resistant exterior and interior panels.
- Front and rear stabilizer bars.

You can access additional Blazer engineering

features and benefits by visiting [chevy.com](http://chevy.com).

## Safety

# A MATTER OF SECURITY.

You want to feel safe and secure in your vehicle — especially when the weather gets harsh. That's exactly why Blazer has features designed to help strengthen your confidence behind the wheel.

Here are just a few:

- Four-wheel antilock brakes.
- Daytime Running Lamps with Automatic Exterior Lamp Control.
- Driver and right front-passenger air bags.
- Side-door beams.
- Safety belt comfort guides.
- Lockout protection (included with power door locks).
- Available Autotrac 4x4 system on 2-Door 4x4 models.
- Available Remote Keyless Entry.
- Available content theft alarm.

\*A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See the Owner's Manual and child safety seat instructions for more safety information.

## Additional Information

# YOU NEVER TRAVEL ALONE.

Chevy Trucks are the most dependable, longest-lasting

trucks on the road\* — sold and serviced by the largest

dealer network in the USA. When you buy a Chevy

Truck, you also get a rock-solid, comprehensive owner

protection plan that includes a New Vehicle Limited

Warranty, 24-Hour Roadside Assistance and Courtesy

Transportation. Your Chevrolet dealer has all the details.

Visit [chevy.com](http://chevy.com) for:

- 360° views
- Detailed feature explanations and demonstrations
- Pricing and offers
- Dealer locators
- Competitive comparisons
- GMAC financing options

And visit [gmmobility.com](http://gmmobility.com) for:

- GM Mobility Program information

\*Dependability based on longevity: 1981–July 2001 full-line light-duty truck company registrations. Excludes other GM divisions.

### THE CHEVROLET OWNER CENTER

The Chevrolet Owner Center is a place where you'll be able to easily and conveniently find relevant information and services for your vehicle. Register your vehicle at

[chevy.com/mygmlink](http://chevy.com/mygmlink) to access information including:

- Maintenance reminders
- Important safety information
- Service history tracking
- Personal Digital Assistant (PDA) applications
- Your Owner's Manual
- News and events
- Warranty and service information
- Special offers and privileges

### NEW VEHICLE LIMITED WARRANTY

This warranty is for GM vehicles registered in the USA. See your Chevrolet dealer for terms and conditions.

*Covered for 3 years/36,000 miles (whichever comes first):*

- The complete vehicle
- Tires
- Towing to your nearest Chevrolet dealership
- Cosmetic corrosion resulting from defects
- Repairs made to correct any vehicle defect
- No charge for most warranty repairs

*Covered for 6 years/100,000 miles (whichever comes first):*

- Rust-through corrosion

### 24-HOUR ROADSIDE ASSISTANCE

Call 1-800-CHEV-USA toll free anytime during the warranty period. Towing and basic technical advice come with the Basic Care Package. Courtesy Care provides additional features,\*

including locksmith services, flat tire changing, fuel delivery, non-warranty towing and jump starts. Some services will incur costs. Chevrolet reserves the right to modify or discontinue Basic Care and Courtesy Care at any time.

\*During the term of the New Vehicle Limited Warranty.

### COURTESY TRANSPORTATION

Ask your participating Chevrolet dealer for Courtesy Transportation if you drop your vehicle off for repairs under the New Vehicle Limited Warranty. Also see if you qualify for expense reimbursement and/or vehicle rental. Services vary at election of participating dealer.

### CHEVROLET CUSTOMER ASSISTANCE CENTER

Call 1-800-222-1020 toll free to talk directly to specialists who can handle any product or service concern you may have.

### FROM DAY ONE ...

The vehicle is checklist-ready for you to drive away, and a full orientation awaits you on everything about your new Chevy Blazer.

**FOR MORE INFORMATION ON 2003 CHEVROLET CAR OR TRUCK PRODUCTS, CALL 1-800-950-2438 OR VISIT US AT CHEVY.COM.**

### ACCELERATE YOUR COLLEGE SAVINGS

GM — along with many other leading companies — has teamed up with Uprromise, the revolutionary college savings accelerator that can help you save thousands of dollars for college. When you purchase or lease an eligible new Chevrolet, GM will contribute \$150 into your Uprromise college savings account. For complete details on the GM-Uprromise program, go to <http://upromise.gm.com>. Enrollment is simple and absolutely free. To receive the \$150 GM contribution, you need to be a Uprromise member 30 days before you take delivery of your vehicle.

**IMPORTANT: A WORD ABOUT THIS BROCHURE** We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment specifications, models and availability. Since information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times.

### AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such a supplier.

**UPDATED SERVICE INFORMATION** Chevrolet dealers receive useful service bulletins about Chevrolet products. You can purchase them by calling 1-800-551-4123.

**ASSEMBLY** Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

**ENGINES** Chevrolet vehicles are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

**THE GM CARD® — WHAT ARE YOU CHARGING TOWARD?®** The GM Card rewards you 5% on every credit card purchase, making it the fastest way to save toward the GM car or truck of your dreams. For information or to apply for the GM Card, call 1-800-8GM-CARD or visit our web site at [gmcards.com](http://gmcards.com).

**GM PROTECTION PLAN** The GM Protection Plan offers mechanical repair protection in addition to that provided by GM's New Vehicle Limited Warranty. Coverage for vehicle maintenance is also available. Ask your dealer about the GM Protection Plan or visit [gmprotectionplan.com](http://gmprotectionplan.com). Coverage available only in the U.S. and Canada.

**RUST-THROUGH CORROSION PROTECTION** Chevrolet vehicles are designed and built to resist corrosion. All body sheet-metal panels are warranted against rust-through for 6 years/100,000 miles (whichever comes first). Application of additional rust-inhibiting materials is not required and none is recommended. See your Chevrolet dealer for terms of this limited warranty.
