CHEVROLET

Suburban LT 1500 4x4, shown in Silver Birch Metallic.

# TAHOE & SUBURBAN

## 2006

For more information about Tahoe or Suburban visit our Web site at [tahoe.gmcanada.com](http://tahoe.gmcanada.com) or [suburban.gmcanada.com](http://suburban.gmcanada.com)

### YOUR WORLD DEMANDS AN SUV BUILT TO MASTER IT.

You've issued the challenge: Rugged terrain. A fully loaded trailer in tow. Slick roads. A long list of passengers. A major cargo load. Your world demands an SUV that can handle everything that comes your way. How do Tahoe and Suburban measure up? With seating for up to nine. With Vortec V8 power and towing capacities up to a massive 5443 kg (12,000 lb.).\* With the advanced safety and security of the standard OnStar System. And with the rock-solid dependability that defines every Chevy Truck – the most dependable, longest-lasting trucks on the road.\*\* For 2006, 1500 models have even more to offer, with a standard StabiliTrak vehicle stability enhancement system, and the introduction of the ultimate Suburban – the LTZ. The most rugged names in SUVs, on road or off. Tahoe and Suburban. For All Life's Roads.

\*On properly equipped Suburban 2500 models.

\*\*Dependability based on longevity; 1981-July 2004 full-line light-duty truck company registrations. Excludes other GM divisions.

## CHEVROLET

### FOR ALL LIFE'S ROADS

# TAHOE

TAHOE

Tahoe LT 4x4, shown in Sandstone Metallic.

## **A SOLID BASE OF STABILITY IN AN OTHERWISE UNPREDICTABLE WORLD.**

At the foundation of every Tahoe and Suburban is a supremely rigid frame manufactured using hydroformed steel components – a process that increases strength while reducing weight. But taking on the real world also requires agility and the kind of confidence provided by the standard StabiliTrak vehicle stability enhancement system. It automatically counters the forces of a lateral skid and helps to return you to your intended direction. It's just one more thing you can count on with Tahoe.

# TAHOE

## INTERIOR

### TAKE COMFORT.

Just as much effort went into making Tahoe comfortable as went into making it strong. You can find evidence of that commitment in everything from the standard power driver's seat, to the standard tri-zone climate controls that enable driver, front passenger and rear-seat passengers to individually adjust temperature settings. Because we want you to feel that the time spent exploring your world is time very well spent.

#### KEY FEATURES:

- Standard seating for six; available seating for up to nine
- 40/20/40 front split-bench seat with Custom cloth, standard on LS
- Available front bucket seats with centre console featuring storage, cupholders and armrest
- Standard 60/40 split folding second-row seat, providing a flat load floor
- Power six-way driver's seat, standard on LS
- Power 8-way heated front bucket seats plus power lumbar and leather seating surfaces, standard on LT
- Standard tri-zone climate controls
- Available 50/50 flip-and-fold removable third-row seat.

All Tahoes and Suburbans feature a mini overhead console. It includes map lights and rear-seat climate controls. LT model shown with Universal Home Remote 3-channel transmitter.

For the ultimate sound system performance, choose the available Bose premium speaker sound system with a six-channel digital amplifier, and AudioPilot noise-compensation technology.

Power adjustable accelerator and brake pedals can be moved fore or aft nearly 75 mm (3 in.), enabling you to assume your preferred seating position. Standard on LT models, available on LS.

Chevy Tahoe LS Custom cloth interior, shown in Tan, featuring available reclining front bucket seats with standard 60/40 split folding second-row seat and available 50/50 flip-and-fold removable third-row seat.

# SUBURBAN

SUBURBAN

Suburban LTZ, shown in Black.

## NOTHING ELSE STANDS UP TO THE ORIGINAL.

In 1936, the Chevy Suburban Carryall became the world's first SUV. Since then, Suburban has always found a way to stay one step ahead of all other SUVs. Take a close look at its awesome horsepower and torque ratings, its cargo and towing capacities, and its superior quality rankings. And for 2006, the new Suburban LTZ ratchets it up a notch with the 335 horsepower Vortec 6000 V8, full-time all-wheel drive, an AutoRide self-levelling rear suspension and 20-inch chromed finish aluminum wheels. No wonder the competition remains on the outside looking in.

# SUBURBAN

## INTERIOR

### A DESTINATION IN ITSELF.

Even after a journey to the most attractive destinations, it's always a pleasure returning home. That is particularly true when your mode of transportation is the new Suburban LTZ. It takes the spacious accommodations that Suburbans are known for and then adds monochromatic styling, and the personalized comfort of power heated front bucket seats and leather seating surfaces.\* The finishing touch is provided by the premium nine-speaker Bose sound system. With such a hospitable environment, you'll feel at home no matter how far from home your travels take you.

#### KEY FEATURES:

- Standard seating for up to nine
- 40/20/40 front split-bench seat with Custom cloth, standard on LS
- Full-feature heated front bucket seats with leather seating surfaces,\* standard on LT and LTZ
- Second-row split folding bench seat, or available reclining bucket seats
- Standard third-row three-passenger folding bench seat
- Standard tri-zone climate controls, automatic electronic controls on LT and LTZ
- Bose premium 9-speaker sound system with AudioPilot noise-compensation technology is standard on LT and LTZ models, available on LS
- Power adjustable pedals, standard on LT and LTZ models, available on LS.

\*Third-row seat is vinyl on LS, LT and LTZ models when leather seating surfaces are specified.

A rear-seat, fold-down 178 mm (7 in.) colour LCD monitor, audio/video input jacks for camcorder playback and video games, two wireless infrared headphones, and a remote control unit is available on Tahoe and Suburban.

Suburban LTZ interior, shown with Tan leather seating surfaces\* and available second-row bucket seats.

# TAHOE & SUBURBAN

## CONTROLS

### STATUS REPORTS ISSUED CONTINUOUSLY.

With the advent of cellphones and hand-held personal messaging devices, it's easy for people to find you, any time, anywhere. Tahoe and Suburban take that principle and apply it to your transportation. Thanks to Global Positioning System technology, you can track your progress precisely on the available touch-screen DVD navigation system.\* And the standard Driver Information Centre keeps you informed about the status of a wide range of vehicle functions. Tahoe and Suburban – the SUVs with connectivity.

\*At time of print, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

#### KEY FEATURES:

- Standard OnStar System with one-year of the Safe & Sound Plan
- Standard interior rear-view mirror with compass and exterior temperature readouts
- Standard comprehensive Driver Information Centre (DIC)
- Personalization of comfort, convenience and safety features using the steering wheel controls, standard on LT and Z71
- Standard steering wheel audio system and DIC controls
- Standard tire pressure monitoring system
- Available touch-screen DVD navigation system.

The standard Driver Information Centre allows you to monitor numerous vehicle functions – everything from fluid levels to trip functions and memory controls. Adjustments to the Driver Information Centre settings can be made through the standard steering wheel-mounted controls.

Suburban LT instrument panel.

# TAHOE & SUBURBAN

## Z71

### THE JOURNEY DOESN'T END. JUST THE PAVEMENT.

The rugged strength of Tahoe and Suburban make them ideal off-roading vehicles. That ability is significantly enhanced by the available Z71 Off-Road Suspension and Appearance Package. It not only increases functionality and durability through features such as skid plates, it also adds rugged styling elements such as body-coloured bumpers. And all Tahoe and Suburban 4x4s include a creep mode, providing more subtle throttle control in 4LO off-road operation. So don't just go off road, go way off road, with the Z71.

#### KEY FEATURES:

- Gas-pressurized 46 mm shock absorbers
- Off-road jounce bumpers
- High-capacity air cleaner
- Skid plates
- Rear locking differential
- 17-in. machined aluminum wheels with on/off-road tires
- Unique roof rack with cross bars
- Colour-keyed grille, bumpers, door handles and mirror caps
- Wheel opening flares.

TAHOE & SUBURBAN Z71

Suburban Z71 4x4, shown in Black.

# TAHOE & SUBURBAN

## POWER

### RELIABLE POWER HAS A NAME: VORTEC.

Horsepower. Torque. Displacement. Different demands place different requirements on an engine. A one-size-fits-all approach definitely doesn't apply. That's why Tahoe and Suburban offer four Vortec V8 engines in their lineup. What these Vortec engines share is unwavering reliability. Add to that long-life engine coolant, spark plugs and automatic transmission fluid. The result is a series of engines that deliver big-time power and very low maintenance requirements. No matter which engine is right for you, there's only one name you need to know: Vortec.

#### VORTEC 5300 V8 FEATURES:

- Lightweight aluminum cylinder heads and a low-friction valvetrain enhance both performance and fuel efficiency
- The high-capacity oil pump runs directly off the crankshaft to reduce friction and improve lubrication
- A deep-skirt V8 block design, with heavy-duty six-bolt cross-bolted main bearing caps, contributes to the rigidity and durability
- Long-life engine features include spark plugs that are designed to last 166,000 km (100,000 mi.) before replacement.\*

\*Maintenance needs vary with use and driving conditions. Please refer to the Owner's Manual for more information.

#### BIG BLOCK VORTEC 8100 V8 FEATURES:

##### 1 EFFICIENT COMPONENTS

All Vortec V8 engines employ a dependable, easy-to-service pushrod valvetrain with hydraulic roller lifters for lower internal friction and longer life.

##### 2 HIGH-STRENGTH CRANKSHAFT

A high-strength cast iron crankshaft is internally balanced and has undercut and rolled fillets to reduce stress loads. This design provides quiet running and reduces maintenance.

##### 3 COIL-NEAR-PLUG IGNITION

All Vortec V8 engines feature an ignition coil for each cylinder to precisely deliver a high-energy spark for lower emissions and higher efficiency.

##### 4 SEQUENTIAL FUEL INJECTION (SFI)

SFI is employed by all Vortec V8 engines and provides reliable starting in hot or cold weather. SFI also contributes to the smooth, refined operation of all Vortec V8 engines.

##### 5 DEEP-SKIRT ENGINE BLOCK

A deep-skirt block design limits crankshaft flex, stiffening the engine's structure. This reduces overall vehicle vibration for smooth, long-lasting, quiet operation.

##### 6 COMPOSITE INTAKE MANIFOLD

A composite intake manifold with equal-length runners helps provide efficient combustion for crisp throttle response and high efficiency.

#### POWERTRAIN CONTROL MODULE

The Powertrain Control Module (PCM) utilizes computer technology to continuously measure driver inputs and behaviour to match power needs with the transmission shift schedule. This system collaboration ensures that the transmission never has to "search" for the correct gear, thus maximizing performance and efficiency.

#### ENGINE/TRANSMISSION AVAILABILITY

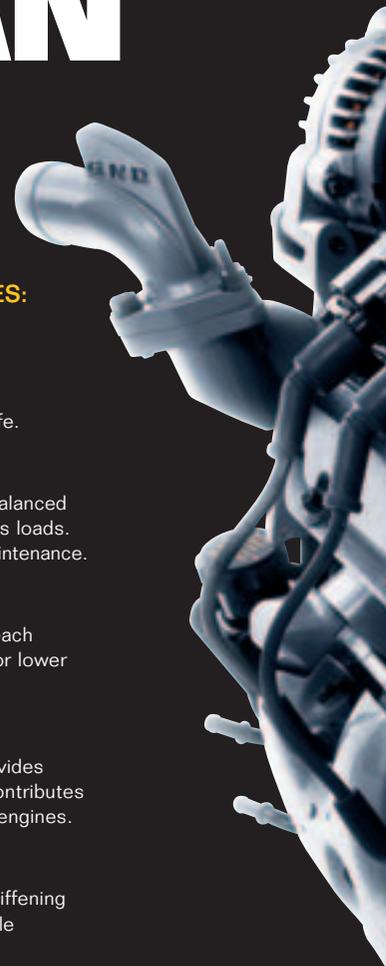

VORTEC ENGINES	Vortec 4800 V8	Vortec 5300 V8	Vortec 6000 V8	Vortec 8100 V8

# TAHOE & SUBURBAN

## TOWING

### TRAILER FRIENDLY.

Tahoe and Suburban have long been favoured as ideal tow vehicles. With these SUVs, trailering isn't an afterthought, it's a fundamental part of the design and engineering process. And that is the only way you can build a vehicle that can deliver such tremendous hauling capacities. Tahoe's towing capacity goes up to 3810 kg (8400 lb.);\* Suburban's numbers range all the way up to 5443 kg (12,000 lb.) on 2500 models.\* Hitch up to the SUVs with the built-in towing capabilities: Tahoe and Suburban.

\*When properly equipped. Refer to the Trailering with Chevy Trucks Brochure for more information.

TOWING

At the touch of a button, the standard Tow/Haul mode greatly enhances trailering ability, producing a more aggressive automatic transmission shift pattern.

Suburban LS 2500 4x4, shown in Bermuda Blue Metallic with available features.

# TAHOE & SUBURBAN

## TECHNOLOGY

### EVEN MORE SOLID CREDENTIALS.

How do you improve on the impressive strength, power, comfort, capacities and dependability that define every Tahoe and Suburban? With the advanced technology provided by the StabiliTrak vehicle stability enhancement system that's standard on all 1500 models for 2006. The system detects understeer, oversteer or any loss of lateral traction, and adjusts torque and brake pressure at each individual wheel, as required, to help return the vehicle to your intended direction. Also new this year is a standard tire pressure monitoring system. More peace of mind. More reasons to choose Tahoe and Suburban.

#### 1 REINFORCED SUSPENSION MOUNTS

Anchor points for the suspension components are reinforced for more positive mounting and reduced tolerances, resulting in more precise handling.

#### 3 STABILITRAK

The StabiliTrak system continuously monitors steering angle, wheel speeds and lateral acceleration. If the system detects a lateral skid, it intervenes by adjusting brake pressure and engine power to help return your vehicle to its intended driving line. Standard on 1500 models.

#### 4 LARGE DISC BRAKES

Large, vented disc brake rotors with two-piston calipers and a large brake pad swept area increase braking performance, extend brake life and reduce brake fade. A four-wheel anti-lock braking system (ABS) with Dynamic Rear Proportioning (DRP) is standard.

#### 5 AIR BAGS\* AND AUTOMATIC SUPPRESSION SYSTEM

Dual-stage frontal air bags\* with Passenger Sensing System, providing automatic air bag suppression for front passenger.

#### 6 SAFETY BELTS

Seat-mounted safety belts in the first- and third-row outboard positions provide added comfort and convenience.

#### 2 TORSION BAR FRONT SUSPENSION

All 2WD\* and 4x4 models are equipped with a torsion bar front suspension system for a smoother ride and better isolation from harshness and noise.

#### 7 AUTOTRAC 4X4 SYSTEM

The Autotrac four-wheel-drive system allows you to choose an automatically controlled four-wheel-drive mode or traditional 2HI, 4HI, Neutral and 4LO functions. Autotrac is standard on 4x4 models (except Suburban LTZ).

### **8 THREE-SECTION MODULAR FRAME**

Tahoe and Suburban 1500 models feature a fully boxed frame with hydroformed front and rear sections for exceptional strength. The Suburban 2500 frame incorporates a hydroformed front section with a lipped C-section design in the middle section that complements the rear two-stage multi-leaf suspension.

### **9 SIDE-IMPACT AIR BAGS\***

Driver and front passenger's seat-mounted side-impact air bags help reduce the risk of injuries to front seat occupants in the event of a side-impact collision. Standard on LTZ, available on other models.

### **10 REMOTE KEYLESS ENTRY**

The standard remote keyless entry system offers many personal safety, security and convenience features. It allows you to lock or unlock doors and release the rear liftgate from up to 6 m (20 ft.) away. The system includes two key fobs with a Panic button and a vehicle content theft alarm.

### **11 LARGE-CAPACITY GAS TANKS**

All models feature large fuel tanks, reducing the need for frequent stops. Capacities range from 98 L (21.6 imp. gal.) in Tahoe to 140 L (30.8 imp. gal.) in Suburban 2500, which is equipped with dual fuel tanks.

### **12 FIVE-LINK REAR SUSPENSION**

All models (except Suburban 2500) include a five-link rear suspension with coil springs and a stabilizer bar for responsive handling and superior isolation of the cabin from rough roads and potholes. Suburban 2500 features a two-stage multi-leaf spring suspension for heavy-duty trailer towing and increased payloads.

### **13 TIRE PRESSURE MONITORING SYSTEM**

The standard tire pressure monitoring system detects when tire pressure is either too high or too low, and then alerts you through the Driver Information Centre.

### **14 LOCKING REAR DIFFERENTIAL**

The locking rear differential helps get your vehicle moving when one rear wheel loses traction by directing power to the wheel with the better grip. Standard on all models except LTZ, which features all-wheel drive.

\*Except Suburban 2500 2WD models, which use coil springs.

#### **\*A NOTE ON CHILD SAFETY:**

Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

# TAHOE & SUBURBAN

## SAFETY AND SECURITY / ONSTAR

### NOT A LOT OF HOT AIR.

Very quietly, Tahoe and Suburban are making a real statement about safety. They are equipped with the most standard safety features in the history of these storied nameplates. The StabiliTrak vehicle stability enhancement system is standard on all 1500 models. Standard in every model is the Passenger Sensing System that provides automatic air bag suppression for the front-passenger seat. And for 2006, every Tahoe and Suburban is equipped with a tire pressure monitoring system. It alerts you if tire pressure is either too high or too low. Not that we're bragging.

SAFETY AND SECURITY /  
ONSTAR/ACCESSORIES

The OnStar System provides added safety, security and convenience at the touch of a button. OnStar, with one-year of the Safe & Sound Plan, is included on all Tahoe and Suburban models.

The standard 4-wheel disc braking system includes ABS and dynamic rear proportioning (DRP).

Chevrolet is known for building vehicles that deliver excellent value and dependability. One important aspect of Chevrolet value is represented by the advanced safety, security and convenience of OnStar.\* OnStar uses advanced communications technology to enhance your peace of mind whenever you're in your Chevrolet. All it takes is a single push of the blue OnStar button usually located on the interior rear-view mirror, in the overhead console, or near the radio display – the button connects you with one of our specially trained OnStar Advisors. They are standing by, ready to provide support 24 hours a day, 365 days a year.

What can OnStar Advisors do for you? They can provide a wealth of information and perform a variety of services, including a remote diagnostic check of your vehicle's engine and electrical components. In an emergency, an Advisor will attempt to locate your vehicle, find out what assistance you need, and notify nearby emergency service providers. And if air bags are deployed in your vehicle, an Advisor will contact you to determine if you are in need of assistance.

Another convenient feature is OnStar Hands-Free Calling, a hands-free, voice-activated wireless technology integrated into your vehicle. It's there in case your hand-held phone is lost, forgotten or has a low battery. Even better, there are no additional monthly fees, or additional long distance and roaming charges. And as a new customer, you will receive 30 complimentary minutes good for two months after activation.

Now you can enjoy the peace of mind that comes with knowing you're doing all you can to help keep you, your family, and your vehicle safe. Just ask the almost 150,000 people who have become OnStar subscribers in Canada. How hard does OnStar work for you? The facts speak for themselves: every month in Canada OnStar Advisors handle an average of 9100 routing calls, 2500 emergency calls, 2600 door unlocks, and 625 Roadside Assistance dispatches.

OnStar offers two different service plans, allowing you to select the services that are most convenient for you. OnStar with the first year of the Safe & Sound Plan is standard on all Tahoe and Suburban models. In addition, the available Directions & Connections Plan offers all of the safety and security services included in the Safe & Sound Plan, plus you'll have access to driving directions and information and convenience services and RideAssist. See your dealer for more information on plans and services.

\*OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar Hands-Free Calling requires a Hands-Free Calling enabled vehicle, existing OnStar service contract, and prepaid calling minutes, and is not available in Alaska and some other markets. Calls may be made to the U.S. and Canada only. OnStar voice recognition system may not work with some voices. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Due to the transition of the wireless industry from analogue to digital technology, as of January 1, 2008, OnStar plans to offer service only through equipment that operates on the digital network, which may require the purchase of a system upgrade for eligible vehicles. Call 1.888.4.ONSTAR (1.888.466.7827), TTY 1.877.248.2080 or visit [onstar.ca](http://onstar.ca) for OnStar's Terms & Conditions, Privacy Policy, and system limitations and details.

# TAHOE & SUBURBAN

## ACCESSORIES

### MAKE IT YOUR TAHOE OR SUBURBAN.

Tahoe and Suburban are built to reflect who you are. But don't stop there. You can transform your Tahoe or Suburban into a personalized expression of your style and priorities – with GM Accessories. They are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. And only GM Accessories are backed by GM's 3-year/60,000 km New Vehicle Limited Warranty.\* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for Tahoe or Suburban, or visit [gmcanada.com](http://gmcanada.com)

\*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

### GM ACCESSORIES AVAILABLE FOR TAHOE OR SUBURBAN INCLUDE:

- 20-in. aluminum wheels
- Interior trim kit
- Cargo area security shade
- Custom carpet floor mats
- Hitch-mounted ski/bicycle carrier
- Running board/assist steps.

**Accessories**

### COMMITMENT:

**Rock solid trucks. Backed by a rock-solid commitment.** There is nothing halfway about Chevrolet's approach to building strong and durable trucks. That can also be said of the way Chevrolet backs each and every truck that bears its name. A comprehensive series of support programs makes it easier to purchase or lease a Chevy Truck and help protect you and your vehicle down the road. A powerful example of the level of protection you can expect is the GM TOTAL™ Warranty. It is so thorough. It covers everything from the roof right down to the tires. So when you drive off the lot of your Chevrolet dealership, you can do so with total confidence. Peace of mind is knowing that your vehicle is built for the long haul, and is backed by a comprehensive warranty.

### THE GM TOTAL™ WARRANTY:†

The GM TOTAL™ Warranty is your promise of total warranty protection. It covers every new Chevy Truck for 3 years or 60,000 km.\* Complete vehicle repairs are covered,\*\* including parts and labour, with no deductible. The warranty includes:

- 3-year/60,000 km\* complete vehicle repair coverage
- 6-year/160,000 km\* corrosion perforation coverage
- 8-year/130,000 km\* coverage on catalytic converters and powertrain control modules (PCMs).

\*Whichever comes first. \*\*To correct any defects in material or workmanship occurring during the warranty period. Regular maintenance is not included, nor is excessive wear and tear caused by reckless or negligent driving. †Conditions and limitations apply.

### OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:†

- **Roadside Assistance** – 24/7 service via toll-free number during your warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during the warranty period
- **GM Protection Plan (GMPP)** – the only extended services contract backed by the resources and commitment of General Motors, GMPP may be purchased at the time of your sale or lease, or subsequently
- **GM Mobility Program** – you may be eligible for reimbursement of up to \$1000 (taxes included) for adaptive equipment for your GM vehicle

- **GM Accessories** – personalize your vehicle with GM Accessories, specifically engineered for your new GM vehicle
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better. †Conditions and limitations apply.

### TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Financing** – on the spot financing at your GM dealership††
- **GMAC SMARTLEASE** – a smart alternative to traditional financing††
- **GM Student Bonus Program** – GM will cover the first two purchase finance or lease payments and the lease security deposit on eligible new GM vehicles for students and recent graduates of high school, college or university†
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 on GM Card® Earnings toward the total purchase price or lease down payment on selected vehicles. For more information on The GM Card please call 1-800-461-3279†.

†Conditions and limitations apply. ††Subject to eligibility..

### INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

### A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

### PRIVACY STATEMENT

At General Motors of Canada Limited ("GM Canada") we respect your privacy and value our relationship with you. Your personal information will be protected, will never be sold, and will be used only by GM Canada, our affiliates, dealers/retailers, and service suppliers (only to provide services). If you wish to be removed from GM Canada marketing communications, would like to limit only certain marketing communications from us, would like a listing of our specific uses or further information about those with whom your information is shared, or would like further information about our Privacy Policy and practices, please contact us at 1-800-GM-DRIVE (1-800-463-7483) or through our Web site at gmcanada.com

### A WORD ABOUT ASSEMBLY

Chevrolet Trucks are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Chevrolet Trucks. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

### TRADEMARK

The marks appearing in this Chevrolet Tahoe & Suburban brochure including, but not limited to: General Motors, GM, the GM Canada emblem, the GM Canada Web site address, the GM Accessories logo, Chevrolet, Chevy, the Chevrolet emblem, Avalanche, Colorado, Equinox, Express, Silverado, SSR, Suburban, Tahoe, TrailBlazer and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Z71, AutoTrac, AutoRide, DEX-COOL, PASSLock, SMARTLEASE, Solar-Ray, StabiliTrak, Vortec and TOTAL Warranty are trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

GMAC is a registered trademark of the General Motors Acceptance Corporation.

## A STORY ONLY GENERAL MOTORS CAN TELL.

General Motors' commitment to setting the highest standards in quality, safety, innovation, and fuel efficiency are matched by an equally strong commitment to the community.

### DID YOU KNOW?

**QUALITY:** GM plants swept the J.D. Power Initial Quality Study<sup>SM\*</sup> rankings for North and South America: Gold and Silver Plant Quality Awards for the Canadian Oshawa #2 and #1 car plants, in addition to the Bronze Plant Quality Award for the Hamtramck, Michigan plant.

**SAFETY:** General Motors is the only automotive manufacturer committed to offering a full range of cars, trucks, and SUVs that provide safety protection before, during and after a collision. GM vehicles are equipped with a range of features and technologies that help drivers avoid collisions, reduce the risk of injury should a collision prove unavoidable, and help you get the assistance you need after a collision.

**INNOVATION:** GM is at the forefront of automotive technology with breakthrough features such as OnStar and XM Satellite Radio.

**FUEL EFFICIENCY:** GM offers more cars than any other automaker in Canada that get better than 7.0 L/100 km in highway driving. GM has also won more EnerGuide fuel-efficiency awards than any other car company.

### GM IS COMMITTED TO CANADA.

**INVESTMENT:** GM invests more in Canada than any other car company: The \$2.5 billion Beacon Project represents the largest automotive investment in Canadian history.

**EMPLOYMENT:** GM directly employs over 20,000 people in Canada – more than any other car company.

**DESIGN:** GM is the only car company that designs, engineers and builds cars in Canada.

### GM IS BEHIND YOU AND YOUR VEHICLE.

GM is equally comprehensive in the way it backs its Chevrolet vehicles. All Chevrolet Truck models include:

- **3-year/60,000 km\*\* complete vehicle repair coverage**
- **6-year/160,000 km\*\* corrosion perforation coverage**
- **8-year/130,000 km\*\* coverage on catalytic converters and powertrain control modules (PCMs)**
- **3-year/60,000 km\*\* 24-hour Roadside Assistance.**

\*General Motors Corporation – Oshawa #2 (Ontario – Car) was the highest ranked plant, Oshawa #1 (Ontario) was the second ranked plant and Hamtramck, MI was the third ranked plant in North/South America among plants producing vehicles for the U.S. market in J.D. Power and Associates 2005 U.S. Initial Quality Study<sup>SM</sup>. Study based on a total of 62,251 U.S. consumer responses indicating owner reported problems during the first 90 days of ownership.
