

2006 UPLANDER

CHEVROLET

2006 UPLANDER

THE VEHICLE THAT KEEPS PACE WITH YOUR FAMILY LIFE.

You've become so efficient at juggling your family's schedule, you can almost be in two places at the same time. Fortunately there's a vehicle that is as versatile as the people who own it. A family vehicle with a fresh, bold approach to styling. With adaptable seating that can handle just about any combination of passengers and gear. With the advanced technology of the standard StabiliTrak vehicle stability enhancement system* and your choice of two V6 engines, including the newly available 240 horsepower 3.9L V6 with variable valve timing.** And with the unparalleled safety and security of the standard OnStar System. You set the pace – the 2006 Uplander is with you every step of the way. Chevrolet. For All Life's Roads.

*Interim availability. Standard on FWD EWB models only.

**Interim availability. Available on FWD EWB LT2.

CHEVROLET

FOR ALL LIFE'S ROADS

For more information about Uplander visit our Web site at
uplander.gmcanada.com

REGULAR WHEELBASE

WHAT A SET OF WHEELS. You'll never view family transportation the same way again. There's no mistaking Uplander for one of those cookie-cutter minivans. Just take a look at the rugged front styling, highlighted by its raised hood and front fenders. Then check out the standard sporty, 17-inch wheels. Yes – what a set of wheels indeed. How about taking them for a test drive?

5

Uplander LS Regular Wheelbase, shown in Blue Granite Metallic with available equipment.

Uplander RWB LT1 interior, shown with Custom cloth seating in Medium Cashmere.

Regular Wheelbase INTERIOR

VERY WELL TRAVELLED.

With Uplander, travelling in style refers to more than its clean, contemporary look. It also describes what the up to seven people who ride inside will experience – true comfort along the way. That begins even before everyone gets to their seats, thanks to the easy access provided by the standard dual sliding side doors. Even better, once you get to your seat, it's really easy to get very comfortable. Travel well – inside Uplander.

KEY FEATURES

- Front air conditioning with particle filter
- Programmable power door locks
- Power windows with driver's express-down feature
- Power swing-out rear quarter windows, standard on LT2
- Dual sliding side doors
- Power sliding passenger-side door, available on LT2 and LT1
- Overhead Rail System, standard on LT2, LT1 and EWB LS, available on RWB LS.

EXTENDED WHEELBASE

THINK OF IT AS THE RELAXED FIT VAN. It's the van that's as big as your plans. The Extended Wheelbase Uplander provides an additional 342 mm (13.5 in.) in overall length and 465 L (16.4 cu. ft.) of cargo space compared with Regular Wheelbase models. Likewise, the engine output is boosted, with the introduction of the newly available 240 horsepower 3.9L V6 VVT* Uplander EWB - the right fit.

*Interim availability. Available on FWD EWB LT2.

Extended Wheelbase INTERIOR
COMPARTMENTALIZING IS A
GOOD THING.

There isn't only substantial cargo-carrying capacity inside Uplander – there's also a series of storage compartments to keep smaller objects well organized. From the innovative Overhead Rail System and a multi-compartment rear convenience centre, to the front-row map pockets on the doors and the LT2's food management trays – Uplander makes it easy for people to find a home for all their essentials. Go ahead – compartmentalize.

KEY FEATURES

- Rear air conditioning and heating, standard on EWB LT2, available on EWB LS and EWB LT1 models
- 1588 kg (3500 lb.) Trailer Towing Package available on EWB LT2 and LT1
- Versatrak all-wheel drive, available on EWB LT2

- StabiliTrak vehicle stability enhancement system, standard on FWD EWB (interim availability)
- Eight-speaker extended-range sound system
- Dual power sliding side doors, available on EWB LT2.

MAIN: Uplander EWB LT2 interior, shown with available leather-appointed seating surfaces in Medium Gray.

Uplander LT2, shown with standard steering wheel-mounted controls.

CONTROLS

STAY IN TOUCH.

Uplander enables you to keep track of many different vehicle functions via its Driver Information Centre, standard on LT2 models. In addition, all models include the GM Oil Life System that tells you when your oil actually needs changing – which may not be as soon as you think. And with the standard OnStar System, you'll be connected to a higher level of safety and security. Uplander helps you stay in touch – even when you're far away from home.

KEY FEATURES

- Remote keyless entry system
- Tilt adjustable steering column
- Cruise control, standard on LT models, available on LS
- Remote vehicle starter, standard on LT2, available on LS and LT1
- Driver Information Centre, standard on LT2
- Steering wheel-mounted sound system controls, standard on LT2.

The available DVD entertainment system includes a fold-down LCD monitor mounted on the Overhead Rail System.

ENTERTAINMENT

NO MORE “ARE WE THERE YET?”

While Uplander can't reduce the distance between two locations, it does the next best thing. The available rear DVD entertainment system contains more than enough multimedia goodies included to keep the young ones content for hundreds of kilometres at a time. Particularly with the available integrated PhatNoise 40 gig hard drive system* that can store up to 15 movies. Ever thought about driving across the country?

KEY FEATURES

- AM/FM stereo with CD player and MP3 playback
- Available in-dash six-disc CD player
- Available DVD entertainment system mounted on the Overhead Rail System includes
 - DVD player
 - Fold-down LCD monitor
 - Video game/video camera input jacks
 - Two wireless headphones
- Available PhatNoise hard drive entertainment system.*

*Interim availability.

Two wireless headphones and a remote control are included with the available rear DVD entertainment system.

The available Mobile Digital Media system is powered by an integrated PhatNoise 40 gig hard drive system*. It can store a large selection of movies, video games and audio tracks. A game controller (batteries not included) and docking cradle with USB connection are included.

The removable 50/50 split 3rd-row rear seat folds down flat to create a level loading area. On EWB models a rear convenience centre adds to the utility.

VERSATILITY

PEOPLE CAN'T FLIP AND FOLD, BUT UPLANDER'S SEATS CAN.

Uplander is a vehicle that can adapt to change effortlessly. The interior can be easily reconfigured to make room for whatever passes through the dual sliding side doors. That's thanks to the standard second-row flip-and-fold modular bucket seats and a removable 50/50 split 3rd-row rear seat. More usable space is provided by the Overhead Rail System that's standard on all but RWB LS. Versatility – with no gymnastics required.

KEY FEATURES

- Flip-and-fold second-row modular bucket seats
- Removable 50/50 flat-folding 3rd-row split-bench seat
- Overhead Rail System, standard on LT2, LT1 and EWB LS, available on RWB LS
- Rear cargo anchors
- Rear cargo convenience centre, standard on all EWB models.

The rear cargo convenience centre is integrated into the rear cargo area behind the third-row seat on EWB models, providing additional storage space for smaller objects. One of the compartments is water-resistant, to hold wet gear.

For the convenience of rear-seat passengers, seatback storage compartments provide an ideal location to stow smaller items such as maps, magazines or wallets.

TECHNOLOGY

MAKING THE SYSTEM WORK FOR YOU. Uplander incorporates a number of intelligent systems that contribute to its sure-footed handling. The variable valve timing on the new available 3.9L V6 VVT* engine optimizes combustion timing to increase engine output. And the available on-demand Versatrak all-wheel-drive system only engages when front-wheel slippage is detected, optimizing traction in slippery conditions and fuel economy in normal conditions. With Uplander, the systems are on your side.

*Interim availability. Available on FWD EWB LT2.

AUTOMATIC REAR LEVEL-CONTROL SUSPENSION

The rear level-control system automatically adjusts the ride height of the rear suspension to match the load, optimizing both handling characteristics and the aiming of the headlights. The system is available on LT2 and LT1 models.

FOUR-WHEEL DISC BRAKES

Every Uplander is equipped with large vented disc brakes at all four corners. Also standard is a four-wheel anti-lock braking system (ABS).

VERSATRAK ALL-WHEEL-DRIVE SYSTEM

The advanced on-demand Versatrak system shifts into AWD mode only when required – when front-wheel slippage is detected. By working on demand, the Versatrak system provides better fuel efficiency in normal conditions than full-time all-wheel-drive systems. Available on Uplander EWB LT2.

STABILITRAK STABILITY ENHANCEMENT SYSTEM

StabiliTrak applies brake pressure at the appropriate wheel or wheels to address the causes of understeer or oversteer. It responds in thousandths of a second when a lateral skid is detected, helping you maintain control and stay headed in your intended direction. Standard on FWD EWB models.[†]

TRACTION CONTROL SYSTEM

The all-speed, full-function traction control system controls engine, transmission and brake functions, enhancing traction while accelerating on slippery surfaces. Available on FWD LT2 and LT1 models.

TWO V6 ENGINES

Uplander's standard 3.5L 3500 V6 engine generates 201 horsepower and 216 lb.-ft. of torque. The newly available 3.9L V6 engine with variable valve timing produces 240 horsepower. Both engines are mated with an electronically controlled four-speed automatic transmission.

AIR BAGS

Uplander features standard dual-stage frontal air bags.** This two-stage inflator system adjusts the deployment velocity of the air bags automatically, depending on the severity of the impact – lower-power at slower speeds of impact and higher-power if triggered by a higher-speed collision. Seat-mounted side-impact air bags are standard on LT2 and available on all other models.

REMOTE STARTING SYSTEM

The factory-installed remote vehicle start system enables you to start the engine from a distance of up to 60 m (200 ft.), simply by depressing a button on your key fob. The system is integrated with the factory-installed security system. Standard on LT2 and available on all other models.

**A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

[†]Interim availability.

TOWING

Go ahead and fill all 3865 L (136.5 cu. ft.) of cargo space inside Uplander EWB models, or hook up a trailer to the hitch with the available Trailer Towing Package. It includes everything from a heavy-duty radiator and transmission oil

cooler to a wiring harness, and provides a towing capacity of up to 1588 kg (3500 lb.). That's a lot of capacity, and with the newly available 3.9L V6 VVT engine, you get even more torque – 240 lb.-ft. – to get it all moving.

SAFETY

YOU WON'T JUST FEEL SAFE.

With OnStar as standard equipment, you'll feel very safe and secure in an Uplander. And you'll be pleased to know that your peace of mind is very well founded: A rigid steel safety cage surrounds the passenger compartment. And for 2006, in addition to the standard dual-stage frontal air bags* and seat-mounted side-impact air bags that are standard on LT2 models, Uplander offers available second-row side-impact air bags. So you can feel even safer.

*A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

KEY FEATURES

- Standard four-wheel disc brakes with anti-lock braking system (ABS)
- OnStar System with one year of the Safe & Sound Plan, standard on all models
- Standard dual-stage frontal air bags*
- Front seat-mounted side-impact air bags* standard on LT2 and available on all other models
- Second-row side-impact air bags, available on LT2 and LT1 models
- StabiliTrak vehicle stability enhancement system, standard on FWD EWB (interim availability)
- Front and rear crush zones
- Heavily reinforced engine compartment steel side frame rails
- LATCH (Lower Anchors and top Tethers for Children) child security system in second-row seats.

When in 'Reverse', Uplander's available ultrasonic rear parking assist detects obstacles in your path that are at least 25 cm (10 in.) in height. The system then activates audio and LED warnings to alert the driver. Available on Uplander EWB LT2.

The saying goes that in Canada you can experience all four seasons in a single day. The on-demand Versatrak all-wheel drive adapts to changing conditions automatically, transferring power to the rear wheels when front-wheel slippage is detected. Available on Uplander EWB LT2.

Uplander ACCESSORIES

IT'S NOT JUST AN UPLANDER.
IT'S YOUR UPLANDER.

Uplander is built to reflect who you are. But don't stop there. You can transform your Uplander into a personalized expression of your style and priorities – with GM Accessories. They are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. And only GM Accessories are backed by GM's 3-year/60,000 km New Vehicle Limited Warranty.* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for Uplander, or visit gmcanada.com

*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

GM Accessories available for Uplander include:

- Ventvisors
- Rear bumper protector
- Snake light
- Upper rear spoiler
- Moulded hood protector
- Splash guards
- First-aid kit.

Canada

Accessories

Chevrolet is known for building vehicles that deliver excellent value and dependability. One important aspect of Chevrolet value is represented by the advanced safety, security and convenience of OnStar.* OnStar uses advanced communications technology to enhance your peace of mind whenever you're in your Uplander. All it takes is a single push of the blue OnStar button usually located on the interior rear-view mirror, in the overhead console, or near the radio display – the button connects you with one of our specially trained OnStar Advisors. They are standing by, ready to provide support, 24 hours a day, 365 days a year.

What can OnStar Advisors do for you? They can provide a wealth of information and perform a variety of services, including a remote diagnostic check of your vehicle's engine and electrical components. In an emergency, an Advisor will attempt to locate your vehicle, find out what assistance you need, and notify nearby emergency service providers. And if air bags are deployed in your vehicle, an Advisor will contact you to determine if you are in need of assistance.

Another convenient feature is OnStar Hands-Free Calling, a hands-free, voice-activated wireless technology integrated into your vehicle. It's there in case your hand-held phone is lost, forgotten or has a low battery. Even better, there are no additional monthly fees, or additional long distance and roaming charges. And as a new customer, you will receive 30 complimentary minutes good for two months after activation.

Now you can enjoy the peace of mind that comes with knowing you're doing all you can to help keep you, your family, and your vehicle safe. Just ask the almost 150,000 people who have become OnStar subscribers in Canada. How hard does OnStar work for you? The facts speak for themselves: every month in Canada OnStar Advisors handle an average of 9100 routing calls, 2500 emergency calls, 2600 door unlocks, and 625 Roadside Assistance dispatches.

OnStar offers two different service plans, allowing you to select the services that are most convenient for you. The Safe & Sound Plan is included for the first year on all Uplander models. In addition, the available Directions & Connections Plan offers all of the safety and security services included in the Safe & Sound Plan, plus you'll have access to driving directions and information and convenience services and RideAssist. See your dealer for more information on plans and services.

*OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, existing OnStar service contract, and prepaid calling minutes, and is not available in Alaska and some other markets. Calls may be made to the U.S. and Canada only. OnStar voice recognition system may not work with some voices. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Due to the transition of the wireless industry from analogue to digital technology, as of January 1, 2008, OnStar plans to offer service only through equipment that operates on the digital network, which may require the purchase of a system upgrade for eligible vehicles. Call 1.888.4.ONSTAR (1.888.466.7827), TTY 1.877.248.2080 or visit onstar.ca for OnStar's Terms & Conditions, Privacy Policy, and system limitations and details.

COMMITMENT

Every Chevrolet comes with peace of mind as a standard feature. We're not only committed to engineering and manufacturing vehicles that are rewarding to drive – we're equally committed to making the ownership experience just as responsive to your specific needs. You'll find that our comprehensive support programs make it easier to purchase or lease a Chevrolet Uplander. They also help to protect you and your vehicle down the road. A powerful example of the level of protection you can expect is the GM TOTAL™ Warranty. It is so thorough it covers your vehicle - from the roof right down to the tires. So when you drive off the lot of your Chevrolet dealership, you can do so with total confidence. Peace of mind is knowing that your vehicle is built for the long haul, and is backed by a comprehensive warranty.

THE GM TOTAL™ WARRANTY:

The GM TOTAL™ Warranty is your promise of total warranty protection. It covers every new Chevy Uplander for 3 years or 60,000 km.* Complete vehicle repairs are covered,** including parts and labour, with no deductible.

The warranty includes:

- 3-year/60,000 km* complete vehicle repair coverage
- 6-year/160,000 km* corrosion perforation coverage
- 8-year/130,000 km* coverage on catalytic converters and powertrain control modules (PCMs).

*Whichever comes first. **To correct any defects in material or workmanship occurring during the warranty period. Regular maintenance is not included, nor is excessive wear and tear caused by reckless or negligent driving.

† Conditions and limitations apply.

EXTENDED POWERTRAIN LIMITED WARRANTY: †

Every Chevrolet Uplander is also covered by a special Powertrain Component Warranty with no deductible for 5 years or 100,000 km.* So you can count on your Chevrolet Uplander for much more than its styling and engineering – today, and down the road.

*Whichever comes first.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS: †

- **Roadside Assistance** – 24/7 service via toll-free number during your warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during the warranty period
- **GM Protection Plan (GMPP)** – the only extended services contract backed by the resources and commitment of General Motors. GMPP may be purchased at the time of your sale or lease, or subsequently
- **GM Mobility Program** – you may be eligible for reimbursement of up to \$1000 (taxes included) for adaptive equipment for your GM vehicle
- **GM Accessories** – personalize your vehicle with GM Accessories, specifically engineered for your new GM vehicle
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Financing** – on the spot financing at your GM dealership^{††}
- **GMAC SMARTLEASE** – a smart alternative to traditional financing^{††}
- **GM Student Bonus Program** – GM will cover the first two purchase finance or lease payments and the lease security deposit on eligible new GM vehicles for students and recent graduates of high school, college or university[†]
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 on GM Card[®] Earnings toward the total purchase price or lease down payment on selected vehicles. For more information on The GM Card please call 1-800-461-3279.[†]

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM Web site at gmcanada.com
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users) – for information about any GM product or service, including The GM Card and the GM Mobility Program
- For information about GMAC visit gmcanada.com or call 1-800-616-4622.

[†] Conditions and limitations apply.

^{††} Subject to eligibility.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

PRIVACY STATEMENT

At General Motors of Canada Limited ("GM Canada") we respect your privacy and value our relationship with you. Your personal information will be protected, will never be sold, and will be used only by GM Canada, our affiliates, dealers/retailers, and service suppliers (only to provide services). If you wish to be removed from GM Canada marketing communications; would like to limit only certain marketing communications from us; would like a listing of our specific uses or further information about those with whom your information is shared; or for further information about our Privacy Policy and practices, please contact us at 1-800-GM-DRIVE (1-800-463-7483) or through our Web site at gmcanada.com

A WORD ABOUT ASSEMBLY

Chevrolets are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Chevrolets. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this Chevrolet Uplander brochure including, but not limited to: General Motors, GM, the GM emblem, the GM Canada Web site address, the GM Accessories logo, Chevrolet, the Chevrolet emblem, Aveo, Cobalt, Corvette, Epica, HHR, Impala, Malibu, Malibu Maxx, Monte Carlo, Optra, Uplander, and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Delco, SMARTLEASE, Solar-Ray, StabiliTrak, the TOTAL Warranty and Versatrak are trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

GMAC is a registered trademark of the General Motors Acceptance Corporation.

OnStar, the OnStar logo and the OnStar button are registered trademarks of the OnStar Corporation.

PASS-Key III and TheftLock are registered trademarks of Delphi Automotive Systems.

Radio Data System (RDS) is a registered trademark of the U.S. National Association of Broadcasters.

Colours may not be exactly as illustrated due to restrictions of the printing process. Please see your Sales Consultant for specific colour and model availability.

WHEELS

A – 17" X 6.5" aluminum.

B – 17" X 6.5" bolt-on wheel cover.

AVEO

A STORY ONLY GENERAL MOTORS CAN TELL.

General Motors' commitment to setting the highest standards in quality, safety, innovation, and fuel efficiency are matched by an equally strong commitment to the community.

OPTRA

DID YOU KNOW?

QUALITY: GM plants swept the J.D. Power Initial Quality Study^{SM*} rankings for North and South America: Gold and Silver Plant Quality Awards for the Canadian Oshawa #2 and #1 car plants, in addition to the Bronze Plant Quality Award for the Hamtramck, Michigan plant.

COBALT

SAFETY: General Motors is the only automotive manufacturer committed to offering a full range of cars, trucks, and SUVs that provide safety protection before, during and after a collision. GM vehicles are equipped with a range of features and technologies that help drivers avoid collisions, reduce the risk of injury should a collision prove unavoidable, and help you get the assistance you need after a collision.

EPICA

INNOVATION: GM is at the forefront of automotive technology with breakthrough features such as OnStar and XM Satellite Radio.

FUEL EFFICIENCY: GM offers more cars than any other automaker in Canada that get better than 7.0 L/100 km in highway driving. GM has also won more EnerGuide fuel-efficiency awards than any other car company.

MALIBU & MALIBU MAXX

GM IS COMMITTED TO CANADA.

INVESTMENT: GM invests more in Canada than any other car company: The \$2.5 billion Beacon Project represents the largest automotive investment in Canadian history.

EMPLOYMENT: GM directly employs over 20,000 people in Canada – more than any other car company.

DESIGN: GM is the only car company that designs, engineers and builds cars in Canada.

IMPALA

GM IS BEHIND YOU AND YOUR VEHICLE.

GM is equally comprehensive in the way it backs its Chevrolet vehicles. All Chevrolet models include:

- 3-year/60,000 km** complete vehicle repair coverage
- 6-year/160,000 km** corrosion perforation coverage
- 8-year/130,000 km** coverage on catalytic converters and powertrain control modules (PCMs)
- 3-year/60,000 km** 24-hour Roadside Assistance.

MONTE CARLO

*General Motors Corporation – Oshawa #2 (Ontario – Car) was the highest ranked plant, Oshawa #1 (Ontario) was the second ranked plant and Hamtramck, MI was the third ranked plant in North/South America among plants producing vehicles for the U.S. market in J.D Power and Associates 2005 U.S. Initial Quality StudySM. Study based on a total of 62,251 U.S. consumer responses indicating owner reported problems during the first 90 days of ownership. www.jdpower.com
